ARE YOU READY?

November 5th — the day for mailing Seal “packets” — is fast approaching. The Osteopathic Christmas Seal Campaign is not like Christmas shopping: it should not be left to the last minute. **IT’S MUCH TOO IMPORTANT FOR THAT.** Don’t let this opportunity, your chance to help, slip past.

Prepare your “packets” now, so that all you have to do on Nov. 5th is make a trip to the Post Office.

*“In necessary things, Unity;
in doubtful things, Liberty;
in all things, Charity.”*

Motto of Richard Baxter

Osteopathic Christmas Seals . . . Your Chance To Help . . . Student Loans & Research

State Department of Health

Annual Postgraduate Seminar

December 2-3, 1966

Statler Hilton Hotel, Dallas, Texas

The Texas State Department of Health announces the Annual Postgraduate Seminar for Osteopathic Physicians and Surgeons of Texas.

Guest speakers for the Seminar include:

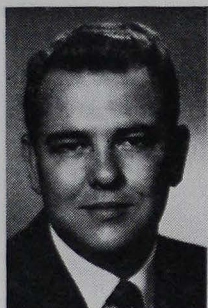

- Ward Perrin, D.O., Chicago, Illinois.
Chairman, Department of Medicine, Chicago College of Osteopathy and Surgery, Director of Medical Education, Chicago.
- Jack Edeiken, M.D., Philadelphia, Pennsylvania.
Professor of Radiology, Jefferson Medical College, Philadelphia.
- John C. Ullery, M.D., Columbus, Ohio.
Professor and Chairman, Department of Obstetrics and Gynecology, College of Medicine, Ohio State University, Columbus.
- Raymond L. Ruberg, D.O., Philadelphia, Pennsylvania.
Professor of Neurosurgery, Philadelphia College of Osteopathy, Philadelphia.
- Paul O. Madsen, M.D., Madison, Wisconsin.
Professor of Urology, University of Wisconsin, Madison.

ELMER C. BAUM, D.O.

Dr. Elmer C. Baum, chairman of the Public Health Committee will again be primarily responsible for this highly successful program.

Public Relations Committee to Sponsor Special Dinner Function

ROBERT H. NOBLES, D.O.

BOBBY G. SMITH, D.O.

As a special feature in support of this year's Annual Postgraduate Seminar, a dinner meeting particularly designed for district presidents, secretaries and presidents-elect has been announced by Dr. Robert H. Nobles, Chairman of TAOP&S' Public Relations Committee. This specific activity will be sponsored by the Public Relations Committee in response to the need for more and better information at the district level for use by incumbent and by incoming officers in having effective organization, meetings and programs during their terms of service to the district societies.

The Public Relations Committee has been meeting at least once each month since the Corpus Christi convention, developing various projects at the state level and also offering specific projects

for participation by the individual districts. Dr. Bobby G. Smith has accepted the responsibility of presenting this dinner program devoted to understanding and coordinating district and state efforts in order to get maximum results with minimal expenditure of time, effort and talent.

Friday night at 6:30 on December 2 will be the time of the dinner, being held in the Statler Hilton Hotel which is the location of the entire postgraduate seminar function. The presidents, secretaries, presidents-elect and their spouses will be the guests of the Public Relations Committee at this dinner, which will be both an honor dedicated to these officers and hopefully of assistance to them in the discharge of their duties, Dr. Smith stated.

URGENT VOTE

**The Public Health Committee urges all D.O.'s
and their wives to vote in the November 8
General Election.**

It is important in this election to vote on:

State Officers
National Officers
Constitutional Amendments

Committee

Six Texas State Scholarships Awarded

MILBURN LEE COLEMAN

MELVIN EUGENE CURRY

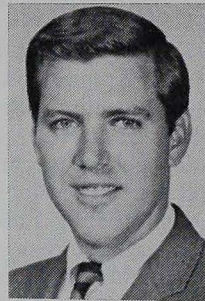

BOBBY RAY HALEY

RANDALL G. HESS

JOHN THOMAS TAYLOR

DOUGLAS ALLEN WALSH

Six osteopathic students were recently awarded \$800 each in scholarships made available by the Texas Legislature, according to Dr. Elmer C. Baum, Chairman of the Public Health Committee. Dr. Baum said awards were made on the basis of academic achievement, financial need, Texas residence and other requirements as evaluated by the Committee.

The winners, chosen from a group of many outstanding applicants, are:

Milburn Lee Coleman, Burkburnett, a freshman at Kansas City College of Osteopathy and Surgery. Mr. Coleman received his B.S. degree from Midwestern University. He is married and has one child.

Melvin Eugene Curry, Fort Worth, a sophomore at Kansas City College of Osteopathy and Surgery. He received his pre-medical training at Sam Houston State College where he was graduated

with a B.S. Mr. Curry is married and has four children. He was the recipient of a TAOP&S scholarship last year.

Bobby Ray Haley, Amarillo, a senior at Kirksville College of Osteopathy and Surgery. He received a B.S. from West Texas State University and has served an externship at Fort Worth Osteopathic Hospital.

In his junior year, Mr. Haley ranked third in a class of 102. He is a previous TAOP&S scholarship recipient and is married with two children.

Randall G. Hess, Dallas, a junior at Kirksville College of Osteopathy and Surgery. He received his pre-medical training at Abilene Christian College.

John Thomas Taylor, Brownwood, a sophomore at Kirksville College of Osteopathy and Surgery. He received his B.S. degree from Howard Payne College. Mr. Taylor is a previous TAOP&S scholarship recipient.

A.C.O.O.G. To Hold Las Vegas Convention

The Thirty-Fourth Annual Convention of the American College of Osteopathic Obstetricians and Gynecologists will be held at the Dunes Hotel, Las Vegas, Nevada, February 13-15, 1967.

Dr. Richard O. McGill, Program Chairman for this 1967 Convention has prepared a very fine program. Some of the subjects to be discussed are: What's New in Obstetrics and Gynecology; Methods, Hazards and Complications of Induction of Labor; Practical Obstetrics in Appalachia; Birth Control in Appalachia; Changing Sexual Patterns and Their Impact on Clinical Practice; What the Physician Doesn't Know About Sex; Emotional Factors caused by Obstetrical and Gynecological Surgery; Human Sexual Inadequacy; Mammary Prosthesis; Planned Parenthood; Carcinoma of the Cervix in Pregnancy; Enterocoele; Modification of the Vacuum Extractor Cup; Amniocentesis; and Culdoscopy.

Notable speakers as discussants are: Dr. J. P. Greenhill; Dr. Harry Fields; Dr. Paul Maddox; Dr. Harold I. Lief; Dr. Leonard Madel; Dr. John Salazar; Dr. James B. Davidson; Dr. William H. Masters; Dr. Virginia E. Johnson; Dr. Neil Kitchen; Dr. Emanuel Fliegelman; Dr. Roy L. Fischer; Dr. Anthony J. Cortese; Dr. John F. Wood; Dr. Clayton E. Whetmore; Dr. Martin Roitman; Dr.

Frank E. Gruber; Dr. Walter C. Mill; Dr. Roy G. Bubeck; Dr. Harvey C. Orth; Dr. Theodore H. Freilich; Dr. John R. Snyder; Dr. Harry A. Barquist; Dr. Charles K. Norton; Dr. Edward R. Mayer; Dr. Allen D. Schmitt; Dr. J. Dudley Chapman; Dr. Layton S. Shaffer; Dr. Joseph M. Peterson; Dr. Steven J. Kovacs; Dr. Frank M. Weaver and Dr. Carl C. Waterbury.

Dr. Richard O. McGill has also arranged for the following Panel Discussions:

Here is the Problem—What do we do Now.

The Office Gynecological Patient.

Problem Cases in Obstetrics and Gynecology.

Problem Cases in Obstetrical Gynecological-Surgery.

The Osteopathic Profession, its Strides, its Problems and its Communication will be discussed by Dr. John W. Hayes; Dr. Earl K. Lyons and Dr. True B. Eveleth.

The Philips Roxane Laboratories are sponsoring a Residency Lecture and Award in the field of Obstetrics and Gynecology.

For further information contact Dr. Arthur A. Speir, Box 66, Merrill, Michigan 48637.

MODERN CLINIC BUILDING for sale or lease. Ideal for one, two D.O.'s. If sold, little cash down. 3 minutes from Stephens Park Osteopathic Hospital in Dallas. Wonderful location. Opportunity of a lifetime. Immediate possession. Write for a colored picture of clinic. Contact Dr. R. B. Drennan, 1401 W. Jefferson, Dallas, Texas. Phone WH 2-5200 day or night.

OB-GYN Meeting Held Oct. 1 & 2

The Eleventh Annual Post Graduate Course of the Texas Association of Osteopathic Obstetricians and Gynecologists, held October 1 and 2 at the Cabana Motor Hotel in Dallas, attracted physicians from across the state. Fifty-three physicians and thirteen wives enjoyed the program and the social events of the meeting.

The program was highlighted by a prominent out of state speaker, Charles K. Norton, D.O., F.A.C.O.O.G., of Detroit. He is a member of the Board of Trustees and a Diplomat of the American College of Osteopathic Obstetricians and Gynecologists.

Other speakers on the program were: Daniel Slevin, D.O., Dallas; Robert L. Nelson, D.O., Grand Prairie; J. Natcher Stewart, D.O., Grand Prairie; Lee J. Walker, D.O., Grand Prairie; Paul A. Stern, D.O., Dallas; Gerald Bennett, D.O., Fort Worth; Richard Mayer, D.O., Lubbock; Roy Fischer, D.O., Dallas.

The American College of General Practitioners in Osteopathic Medicine and Surgery approved this year's program for twelve hours post-graduate credit.

During a business meeting following the conclusion of the program the following officers and trustee were elected:

President—Dr. Lee J. Walker, Grand Prairie.

Vice President — Dr. Daniel Slevin, Dallas.

Secretary-Treasurer—Dr. Roy Lee Fischer, Dallas.

Trustee—Dr. Richard M. Mayer, Lubbock.

Official Dates of President's District Visitations

Dr. Edward J. Yurkon, Chairman of the Public Relations Sub-Committee on Presidential Visitations, has announced the following itinerary for President Logan's visitations.

He said that all materials necessary for successful publicity for the visits will be forwarded to the districts well

in advance. Dr. Yurkon also asked that each district take advantage of the Public Relations Committee and the state office in helping to achieve the best results possible both professionally and publicity-wise for the Presidential Visitation this year.

District	Date	Day of Week
1	November 6, 1966	Sunday
2	January 17, 1967	Tuesday
3	March 19, 1967	Sunday
4	December 10, 1966	Saturday
5	January 18, 1967	Wednesday
6	February 6, 1967	Monday
7	October 30, 1966	Sunday

A Place To Meet

GEORGE W. NORTHUP, D.O., *A.O.A. Editor*

The 71st Annual Convention and Scientific Seminar of the American Osteopathic Association will be held in New Orleans on November 14-17. It will bring to focus an unprecedented opportunity for learning, relaxation, and enjoyment. Eleven affiliated organizations have planned outstanding programs of instruction. New Orleans, with its famed hospitality, has planned to roll out the "red carpet" for visiting osteopathic physicians and their families. The eyes and ears of the osteopathic world will be on New Orleans in November.

Why go to a convention? Most of the reasons are so obvious that they

scarcely need repetition. However, one of the less obvious reasons is that it provides an unusual opportunity for the osteopathic profession to demonstrate to the public that it serves the public interest in maintaining its collective and individual programs of professional training.

No single meeting provides such a variety of valuable and practical professional information for osteopathic physicians. It is more than an opportunity to socialize and renew old acquaintances. It is a time for professional renewal and professional advancement.

Come to New Orleans. You'll be glad you did.

50% of Booths Reserved 7 Months Before Convention

Even though it is some seven months until the state convention, 26 firms have already reserved booth space for the 1967 meeting to be held at the Hotel Texas, Fort Worth. This represents over 50% of the 43 booths available.

Keene Pharmaceuticals of Keene, Texas, was the first exhibitor to reserve a booth.

Other concerns that have reserved space are: Smith Kline & French Laboratories, Abbott Laboratories, Cole Pharmacal Co., Bristol Laboratories, The Carnation Company, Esta Medical Laboratories, Inc., Stanley Supply Co., S. J. Tutag Company, The Upjohn Company, Carrtone Laboratories, Ciba Pharmaceutical Company, Marion Laboratories, Merck Sharp & Dohme, Bentex Pharmaceutical Co., Savage Laboratories, Mission Pharmacal Company, George C. Tong Co., Ross Laboratories, Wm. P. Poythress and Co., Inc., Metro Med,

Inc., Astra Pharmaceutical Products, Inc., Sandoz Pharmaceuticals, Smith Miller & Patch, Inc., Ortho Pharmaceutical Corporation, and Lederle Laboratories.

The National Osteopathic Foundation has announced that E. R. Squibb and Sons will renew their grant to TAOP&S as a means of underwriting the scientific program. Eli Lilly and Company has also repeated their grant of \$250 toward the cost of the technical lectures.

The 1967 meeting will be the first "for free" convention for all TAOP&S members. This is expected to result in greatly enlarged attendance and participation both this year and in future years.

Again this year all exhibitors will be invited to attend "Fun Night" and an exhibitors' breakfast will be held for briefing and for answering any questions concerning the convention or exhibits.

Employees of Hospitals and Colleges under Wage Hour Law. The Fair Labor Standards Amendments of 1966, Public Law 89-601 (H. R. 13712) approved September 23, 1966, for the first time extends coverage to the employees (excepting professional, administrative and executive employees) of all hospitals and colleges, profit and nonprofit and regardless of dollar volume of business done, effective February 1, 1967. Minimum wages for these newly covered employees are \$1.00 an hour beginning February 1, 1967, \$1.15 beginning February 1, 1968, \$1.30 beginning February 1, 1969, \$1.45 beginning February 1, 1970, and \$1.60 beginning February 1, 1971. These newly covered employees must be paid not less than time and one half for employment in excess of a workweek of 44 hours during the first year beginning February 1, 1967, 42 hours during the second year, and 40 hours thereafter. Hospitals may figure over-time on a biweekly rather than a weekly basis under certain conditions. Nursing homes must pay time and one half for employment in excess of 48 hours in any workweek.

X-ray Technician Training. Paul T. Lloyd, D.O., and John H. Pulker, D.O., attended a Conference on X-ray Technician Training, sponsored by the Public Health Service's Division of Radiological Health, held September 7-9. The April 1966 Report of the National Advisory Committee on Radiation to the Surgeon General of PHS recommended that PHS should take the initiative in

forming standards for personnel who operate X-ray equipment. The Cherry Hill School of Medical Technology, affiliated with the Cherry Hill Hospital and sponsored by the Delaware Valley Osteopathic Foundation graduated 12 in its first class on September 22nd. A bill, H. R. 13196, entitled Allied Health Professions Personnel Training Act, which would provide construction and training grants in such fields as X-ray technology passed the House June 23rd. The Surgeon General would pass on eligible curriculums.

Group Practice Facilities. A bill, S. 3708, due for House consideration Monday, adds to the National Housing Act a new Title XI to authorize 90% mortgage insurance for group practice facilities. The Committee Report accompanying the bill (House Report 1931) states: "The terms 'medicine' and 'medical' as used in the new Title XI include physicians who are duly licensed doctors of medicine or doctors of osteopathy."

G. I. Medicare Act. By the provisions of Public Law 89-614 (H. R. 14088) approved September 30th, the 10-year old program of using civilian hospitals for care of active duty military personnel and their dependents when Government facilities are unavailable was extended to include outpatient care as of October 1st, and care of military retirees and their dependents effective January 1, 1967. Care of handicapped children and spouses of active duty personnel was also added.

C.O.M.S. Declines Invitation With Gratitude

In a personal call from Chairman Ted Flynn of the Corporation Board of the College of Osteopathic Medicine and Surgery, it was learned early in October that the Board had reached a final decision not to move the college faculty and students into Texas in response to the invitation issued by our House of Delegates in its spring meeting. The information was transmitted directly by Mr. Flynn to Dr. George J. Luibel, Chairman of 'TAOP&S' Committee for the Establishment of an Osteopathic Medical School in Texas, who had spearheaded the investigation and development of the possibility of such a transfer.

Mr. Flynn, who had visited Texas on at least one occasion to assist in evaluation of potential sites, expressed the gratitude and appreciation of his entire Board to the Texas Association for having extended the invitation and for the many aspects of support and encouragement received while the possibility was being evaluated. Although the C.O.M.S. will definitely and permanently remain in Des Moines, there was no doubt but that the Texas invitation was the biggest and best thing that has happened to the College in its recent history.

Although some observers thought the Texas invitation might weaken the position of C.O.M.S. in its present locale if the invitation were to be declined, it was learned that this definitely had not proven to be the case.

Local support from the business community and the Osteopathic Profession appear to be more vitally concerned with the present status and the future of C.O.M.S. than they have been for many years, so the Texas invitation actually stimulated important and enthusiastic elements of benefit for the

Des Moines college, according to the conversation.

Committee Activity Increases.

Meanwhile, the TAOP&S committee continues to develop a careful, practicable long-range plan for the establishment of a new osteopathic medical college in Texas, states Chairman Dr. Luibel. In the not too distant future a corporation board will be considered for purposes of establishing financial foundation facilities for the proper acceptance and safeguarding of gifts and donations. Also, the Committee will be agreeable to accepting firm commitments for a reasonable length of time of land donations offered as potential sites for the new facility when it does become a reality, it was said.

ORRO DROPS

FOR THE EAR

For softening and facilitating removal of ear wax, and to relieve minor irritations due to wax accumulation.

Biennial Legislative Forum Attended By T.A.O.P. & S. Representatives

The first biennial Legislative Forum of the Texas Social Welfare Association was attended by some 275 professional and lay persons from across the entire state, including several representatives from the osteopathic profession headed by Dr. Elmer C. Baum, Public Health Committee head for TAOP&S. Also in attendance were Dr. Phil R. Russell, Chairman of the Committee on Aging; Dr. Everett W. Wilson representing Texas osteopathic hospitals; and Mr. Robert B. Price, Executive Secretary of the Association. Dr. and Mrs. Carl R. Stratton from Cuero represented their section of the state.

Featuring formal addresses by Lieutenant Governor Preston Smith and House Speaker Ben Barnes, the day-long program was intensely organized with important social welfare issues and facets of legislative implementation. Mr. Clyde Skeen, President of Ling-Temco-Vought, Inc., highlighted the noonday luncheon program as he spoke in depth about the businessman's stake in social welfare legislation. Efficient programming, clarification of objectives, elimination of duplications and effective manpower utilization must be as effective and as prevalent in social welfare management as they have become in business management, according to Mr. Skeen, if the high level of accomplishment that characterizes modern business is to be transposed into the achievement of desirable social objectives. Among the most productive was a panel moderated by Senator Ralph M. Hall of Rockwall, composed of four other prominent state legislators, developing the topic of common sense approaches in working with legislators. Summarized briefly, their comments were as follows:

1. Legislators differ, and legislative sessions differ. Bearing this in mind,

realize that the best time to discuss items with your legislator is outside the session dates, preferably before a session and/or before election.

2. The average citizen very definitely can effectively contact and work with the legislator. One panelist stated that during his first year in Austin he received only five letters signed with "wet" ink.

3. Legislators often resemble people—they are subject to persuasion. This is often done just as well by amateurs as by the pros. How—? First, research your material so as to be persuasive and thusly give your legislator something in the way of factual ammunition when the argument begins to take focus. Second, call on him at home, call on him in Austin, and sit in the gallery and watch him vote! Third, don't fall out with your legislator over one incident of contra voting; stick with him over the long pull and stay with him, you'll come out pretty well in the long run.

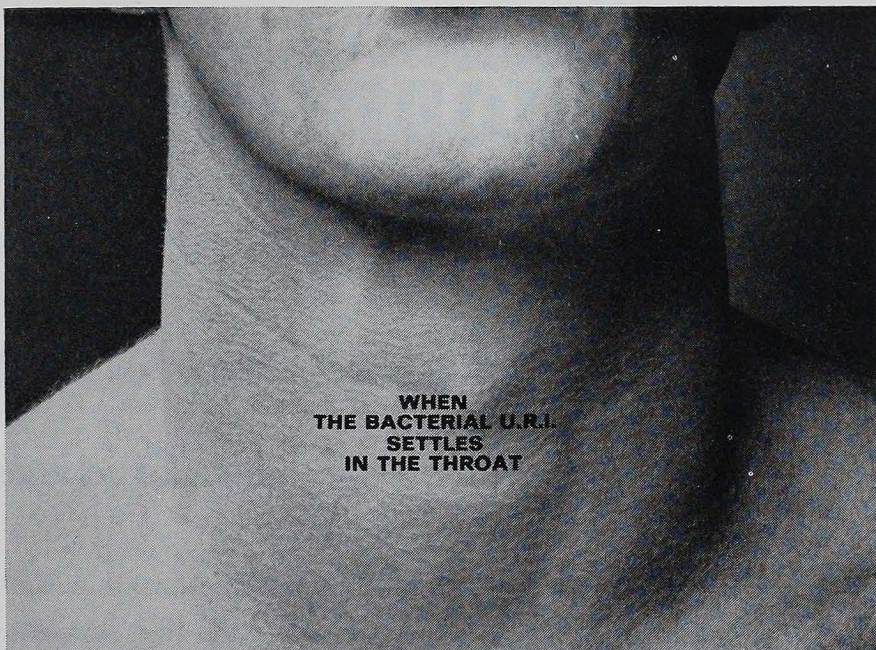

4. Definite items to always remember:

- A. Be courteous — don't ever threaten.
- B. Be specific—be intelligent with your presentation.
- C. Start early in the session — be prompt and be brief.

The most specific and imminent item for action was undoubtedly the Amendment 15 which will appear on the November 8 ballot. This constitutional amendment received by general consent a practically unanimous endorsement from the registrants at the sessions.

Psychiatrist David Wade, M.D., spoke on behalf of the measure, wryly describing those prayer meetings in Arkansas, Oklahoma and Louisiana on Wednesday night before our November 8 election, working for defeat of this measure in

WHEN
THE BACTERIAL U.R.I.
SETTLES
IN THE THROAT

ACHROCIDIN®

Tetracycline HCl-Antihistamine-Analgesic Compound

Each tablet contains:

ACHROMYCIN® Tetracycline HCl.....	125 mg	Caffeine	30 mg
Phenacetin	120 mg	Salicylamide	150 mg
		Chlorothen Citrate	25 mg

The patient can feel better while getting better. ACHROCIDIN brings the treatment together in a single prescription—prompt symptomatic relief together with early, potent control of the tetracycline-sensitive organisms frequently responsible for complications leading to prolonged disability in the susceptible patient.

Effective in controlling complicating tetracycline-sensitive bacterial infection and providing symptomatic relief in allergic diseases of the upper respiratory tract.

Contraindication—History of hypersensitivity to tetracycline.

Warning—If renal impairment exists, even usual doses may lead to liver toxicity. Under such conditions, lower than usual doses are indicated and if therapy is prolonged, tetracycline serum level determination may be advisable. Hypersensitive individuals may develop a photodynamic reaction to natural or artificial sunlight during use. Individuals with a history of photosensitivity reactions should avoid direct exposure while under treatment and treatment should be discontinued at first evidence of skin discomfort.

Precautions—Some individuals may experience drowsiness, anorexia, and slight gastric dis-

tress. If excessive drowsiness occurs, it may be necessary to increase the interval between doses. Persons on full dosage should not operate any vehicle. Use may result in overgrowth of nonsusceptible organisms. If infections appear during therapy, appropriate measures should be taken. If adverse reaction or idiosyncrasy occurs, discontinue medication and institute appropriate therapy. Infections caused by beta-hemolytic streptococci should be treated for at least 10 full days to help prevent rheumatic fever or acute glomerulonephritis. Use of tetracycline during tooth development (last trimester of pregnancy, neonatal period and early childhood) may cause discoloration of the teeth (yellow-grey-brownish). This effect has been observed in usual short treatment courses.

Average adult dosage: 2 tablets four times daily, given at least one hour before, or two hours after meals.

An Editorial

By D. L. RADER, D.O.

(The following remarks represent a personal point of view and should not be construed as official policy of the Texas Association of Osteopathic Physicians and Surgeons and/or any other osteopathic organization.)

I am persuaded! This is possibly the motive that manifests itself as an Osteopathic Physician. The cliché, Physician Plus, connotes the real substance of Our Profession. Where best to locate in a Metropolis? An opinion often used by seemingly successful business and professional men is that competition is the best means to build a business and/or profession. It is my considered opinion that all Osteopathic Physicians should locate their office as close as possible to an M.D. clinic or professional building. I believe that as an Osteopathic Physician you must practice the Art of Osteopathic Manipulation. You must strive for a goal of attempted perfection. I am persuaded, that this is the practice of medicine. This with the added privileges of your Medical License does add impetus to your chosen profession.

Many Osteopathic Physicians complete their year of internship and are not acquainted with the Art of Healing, Osteopathy. Let's not castigate institutions of learning or hospital programs. Let us then visualize and find "from whence cometh my help". Early in the year 1937 and then progressively to year 1944, The Academy of Applied Osteopathy grew and has maintained the section of Osteopathy that puts emphasis on Manipulative Osteopathy. I strongly urge you to acquaint yourself with the Academy if you are desirous of building an Osteopathic Practice. I repeat, I am persuaded.

So seemingly being opinionated, as all old crotchety doctors are, I say "Build your practice in the manner in which our Profession has taught us", being extremely proud of your Osteopathic Heritage. Thus, by well doing you may put

to silence the ignorance of foolish people. Serve your patients with Quality.

Biennial Forum

(Continued from Page 12)

Texas. (Explanation: Federal rehab programming is usually on a regional basis and if Texas fails the measure our neighboring states would appear to gain significantly for their own programs.)

A statewide Citizens Committee for Amendment 15 has been formed to promote the passage on November 8 of a constitutional amendment which has significance in the area of vocational rehabilitation. Retired Travis County District Judge J. Harris Gardner is chairman.

Amendment 15 will permit the channeling of funds from private and federal sources through the State for use by private, non-sectarian associations, groups, and corporations in establishing and equipping facilities to assist handicapped citizens in becoming gainfully employed.

Arguments for passage of Amendment 15 include the following:

1. Funds now available from the federal government for purposes outlined above will go to other states if not utilized in Texas. The ratio is 75 per cent federal, 25 per cent private.

2. No State tax dollars can be used under this program, although the state vocational rehabilitation agency would have to approve all projects and regular state auditing procedures would apply.

3. Private agencies, always pressed for funds, would have another prime resource for assistance in providing rehabilitation services which, in many states, have become the responsibility of state government.

Judge Gardner has urged all Texans who are concerned about the well-being of handicapped citizens in our state to work for the passage of Amendment 15.

AOA Convention Set For New Orleans

LESTER J. VICK
D.O.

LESTER TAVEL
D.O.

JOSEPH L. LOVE
D.O.

JOSEPH DePETRIS
D.O.

American Osteopathic Association will hold its 71st Annual Convention in New Orleans November 14-17.

Eleven specialty colleges will offer an informative Scientific Seminar. Also meeting at the convention will be the Auxiliary to the A.O.A., alumni associations, fraternity and sorority groups and boards of the various specialty colleges.

The Convention will begin at 10:00 a.m. on Monday, November 14, with a general session. The keynote address will be given by James L. Goddard, M. D., Commissioner of the Federal Drug Administration. He will speak on "New Horizons for Health." Also at this time H. Dale Pearson, D.O., will deliver the Andrew Taylor Still Memorial Lecture. His topic will be "Osteopathy—Past, Present, and Future."

Specialty groups will begin their individual programs on Monday afternoon. Among Texans appearing on the specialty group programs are Lester J. Vick, D.O., of Amarillo and Lester I. Tavel, D.O. of Houston. Dr. Vick will appear before the American College of General Practitioners in Osteopathic Medicine and Surgery, giving several talks on proctology for the general prac-

itioner. Both Dr. Vick and Dr. Tavel will appear on the panel of a question and answer session before the American Osteopathic College of Proctology.

Joseph L. Love, D.O., of Austin will speak on "Spinal Anomalies" before the American Osteopathic Academy of Sclerotherapy.

Appearing before the American College of Osteopathic Internists will be Joseph DePetrus, D.O., of Dallas. His topic is "Pheochromocytoma".

Entertainment is also well taken care of at the Convention with two major social events, the AOA Cordiality Hour and the President's Banquet, as well as fraternity and sorority meetings and class reunions. The city of New Orleans itself offers endless sightseeing and entertainment attractions.

"HEART OF MEDICAL CENTER"

Up to Twenty \$1,500 Osteopathic College Scholarships

Offered By

The auxiliary to the American Osteopathic Assn.

Available To

**Students Entering Osteopathic Colleges as
Freshmen, Fall 1967**

The Auxiliary to the American Osteopathic Association will award up to twenty \$1500 scholarships to students entering osteopathic colleges as freshmen in the fall of 1967, it was announced by Mrs. Robert N. Rawls, Jr., Granbury, Texas, AAOA scholarship chairman.

The scholarships will be awarded on the basis of scholastic standing, financial need, professional motivation and aptitude, and moral character. Winners

must be citizens of the United States or Canada and must have been admitted to one of the five osteopathic colleges.

The \$1500 will be paid directly to the selected college in two installments of \$750 each for the freshman and sophomore year. Renewal of the scholarship for the second year is dependent on the maintenance of satisfactory work and continued financial need.

Applications Must Be In Before May 1, 1967

Send Applications to

NEWS OF THE DISTRICTS

District No. Two

D. D. BEYER, D.O.

Dr. and Mrs. Daniel D. Beyer were guests of the Texas Wesleyan College recently at an appreciation dinner for Jack Butler, editor of the Fort Worth STAR TELEGRAM. Dr. Beyer represented the Greater Eastside Civic League of which he is President. Former Mayor Bayard Friedman presented Mr. Butler who was being honored at the dinner for his efforts in getting the East Side a freeway. Other guests and their wives were Mayor Willard Barr, City Councilmen, County Commissioners, Chamber of Commerce officers and the representatives to the state legislature from Tarrant County.

It was reported that one of our newer doctors, Dr. Casper J. Kutach, enjoyed giving osteopathic manipulative care to the former No. 1 pin-up girl of World War II vintage during her performance in Fort Worth last month. I am sure a lot of other doctors in the area would have been thrilled to consult with Dr. Kutach in this case. He had a nice letter from her thanking him for the treatment.

Things are shaping up well for the 15th Annual Child Health Clinic sponsored each year by District Two Auxiliary of TAOP&S. The same is true of the Annual Seminar in April of the Texas Society of General Practitioners.

The Seminar will be held this year in the fabulous Green Oaks Inn in Fort Worth.

Dr. Virginia Ellis recently made a trip to Kirksville to conduct the clinical examination for Pediatrics Board Certification with Dr. Everett C. Borton of Chicago.

Dr. and Mrs. R. H. Peterson of Wichita Falls were honored guests at a recent recognition dinner in Oklahoma City for her brother, Mr. J. C. Cobb. Mr. Cobb is President of the National Association of Retail Druggists and was honored by pharmacists and friends for his many contributions to pharmacy in Oklahoma.

Dr. Catherine Carlton has been re-elected Secretary of the Board of Directors of the Fort Worth Society for Crippled Children and Adults. Dr. Virginia Ellis also serves on this Board.

At a recent Appreciation Dinner for Mayor Tom J. Vandergriff of Arlington, TAOP&S was represented by Dr. Bobby Gene Smith and Executive Secretary Mr. Price. Mayor Vandergriff had been very generous with his time and personal support, as well as having located two fine potential sites that could have been available on a donation basis to the C.O.M.S. had it chosen to relocate in north central Texas. Dr. Smith is a personal friend of Mr. Vandergriff.

The dinner was sponsored by the Fort

District No. Three

GEORGE GRAINGER, D.O.

Dr. and Mrs. Robert Slye recently 'adopted' a lovely Rotary exchange student in the person of Miss Dorothee Adelsward of Sweden. Dorothee was given an eight column spread last month in the Tyler *COURIER-TIMES*. Only sixteen, she already speaks four languages. Unlike the popular conception of Swedish young ladies, that of being tall and blonde, Dorothee is five feet two, eyes of blue, brunette otherwise through and through.

Margaret Beaty, daughter of Dr. and Mrs. Bowden Beaty, who is a student nurse in Austin recently was shown as one of a trio of lovely models in the *AMERICAN-STATESMAN*. Margaret was described as wearing "a butter smooth moss green suede coat with a

slither of leather, accented by red fox on the collar and cuffs." Miss Beaty helped out for a time this summer at Broadway Memorial Hospital where her daddy works. She told us she really got a workout at Brackenridge earlier this summer. She was on duty there when that fellow with the glioblastoma multi-forme began banging away way up in the University tower.

We had a pretty good turnout of husbands and wives at Mount Pleasant when Mary Luibel told us all what went with state, national and local Auxiliary dues. Those girls certainly can do and do do-a lot with that pittance we let 'em have to give to the Auxiliary. We've been meeting at the Holiday Inn there every time. That's Dr. Palmore Currey's place, and he really sees that we all get the best when it comes to comestibles. If you're driving along that way, you folks beyond the confines of District III, why stop in and tell them you're a friend of Dr. Currey's They'll probably do the same for you.

Dr. Earle Kinzie was a featured participant in the recent dedication of Lindale's new Memorial Park. Joining Dr. Kinzie in the ceremonies were Lindale's Mayor Earle Prater and Tyler's Judge Connally McKay. The park, a community recreation center, is situated on an 18 acre tract south of Lindale's city limits.

Mr. Walter A. Cordes, father of Dr. Richard Cordes, died at Dr. Cordes' home on October 1 after a prolonged

illness. The burial was in Seymour, Indiana. Our sympathy goes to Dr. Cordes and his family.

District III could, if it wished, sport some sort of feather in its modest cap in the furnishing of one of the first osteopaths to be commissioned in McNamara's Medical Corps. But it all depends on the way you look at it what sort of feather it is. Oh yes, he is Capt. Raymond Liverman, late of Hawkins, who chose the Wide Blue Yonder. GEORGE GRAINGER, D.O. *Reporter*

District No. Five

Plattner Medical and Surgical Clinic celebrated its 25th anniversary on August 26. The hospital was started in 1940 by Drs. Emil and Albert Plattner who were later joined by two other brothers, Drs. Donald and Herman Plattner. The hospital also has a new staff member, Dr. Robert R. Crawford, former associate professor of surgery at Kansas City College of Osteopathy and Surgery. He will head the department of surgery.

District No. Eight

THOMAS A. WILLIAMS, D.O.

Mrs. Glenda Long, wife of Dr. Lee Long, has been elected to the Charter Commission of Portland, Texas. Brains and beauty from West Virginia will solve the problems of this city.

Dr. Jack Dawkins, president of District 8, and family have been telling tall tales concerning recent King fish-

ing. Jack claims he caught a ton—and that's putting it lightly.

State President Fred Logan addressed District 8 at the quarterly meeting on Sunday, September 25, at the Emerald Cove Hotel. His address, "Extending and Improving Post-graduate Education Facilities for Osteopathic Physicians", was heard by 90% of the membership.

Dr. Lyle Olson, wife Judy, and son John 8 months, are recent arrivals in Corpus Christi. They hail from Gross Isle, Michigan. Dr. Olson was a staff member of Riverside Osteopathic Hospital, Trenton, Michigan, and worked in the anesthesiology department for six years. He is now a member of the anesthesiology department at Corpus Christi Osteopathic Hospital. They are making their home in Portland.

Dr. Claude Lewis is recovering nicely from injuries recently sustained in an automobile accident near his residence in Ingleside.

A fishing tournament of local interest and with three entrants was started and ended September 18. A prize of \$100

OPPORTUNITIES

Prime general practice locations in Grand Prairie and Arlington, Texas. Rapid growing area with a combined population of 100,000. 16 miles from Dallas and Fort Worth. 65 bed intern and resident training approved hospital. Located in the heart of the largest developing industrial area in the United States. Contact Harriett M. Stewart, D.O., Administrator, Mid-Cities Memorial Hospital, 2733 Sherman Road, Grand Prairie, Texas.

was awarded Dr. T. A. Williams for the largest speckled trout. A 14 lb. beauty, it was landed on a new offering called "Skate Bait".

Dr. T. M. Bailey and family have been visitors to the Astrodome several times this summer. His last reservation was on the bench in the Astro dugout.

Fishing in the Gulf Coastal Bend has been outstanding of late. Several members of District 8 have taken large Marlin, Dolphin and Kings.

Dr. Laurence Taylor and family enjoyed a month's vacation in Canada visiting relatives—a synonym for free-loading. Dr. Taylor hails from the Northern Province of some ten years ago. He owes his allegiance to the British Empire and firmly declares it should be the 52nd state. The termination of his visit was abrupt and precipitated by a 70° norther.

Dr. C. R. Woolsey and family have just returned from an extended three weeks vacation and tour through the Rocky Mountain Country.

The Corpus Christi Osteopathic Hospital has recently made application for Hill-Burton Funds for the newly proposed addition.

Aransas Pass Hospital has pending plans for a 20 bed addition and complete renovation of existing facilities.

Mrs. Helen Hause, Dr. Dwight's spouse, has recently disposed of her interest in Arthur Murray's Dance Studio. Members of the State Association who attended the convention will long remember the outstanding performance of Helen's troupe in May. Many thanks to Helen for her part in making the convention a success. Let's not mention the weather—which was Dr. Sam Ganz's contribution.

Dr. McGregor Slick and family spent a couple of weeks vacation in Mexico. Asked how the trip was, Dr. Slick replied, "Wonderful, wonderful!! But I'll tell you I've never seen so many foreigners in all my life. Out of a thousand people you met, at least

99.9% were foreigners and most of these Latins."

Dr. Mel Eliades, wife Ann and their four children just recently returned from an extended vacation to his native land of Greece. They spent quite a bit of time just roaming the countryside of Southern Greece. The return was somewhat in doubt due to the recent air travel strike.

Dr. Fred Logan, Jr., has recently joined the staff of C.C.O.H. Dr. Logan completed his internship at C.C.O.H. last June. Best wishes to Dr. Fred, Jr. for a successful career.

The Flying Tigers of District 8, Drs. Slick, Lively and Bruce, have recently sold their single engine combat plane. At present they are dealing for a multiple engine with radio and baling wire for extended flights into the demilitarized zone.

The White Wing Season found the above Flying Tigers getting their quota of birds for this year and next down in the valley. In case the new plane doesn't come through, they'll be experienced combat troops.

Dr. Dominic Rich and family spent their vacation in Ohio and Michigan visiting friends and relatives. Shortly after their return Dr. Rich was confined to C.C.O.H. for three weeks.

Marcia L. Schultz, daughter of Dr. Joseph Schultz, and Jerry Arterburn were married at the First Methodist Church September 10. Reception was held at the 4600 Club, Table Royal. The newlyweds are making their home in Corpus Christi.

Dr. Joseph Schultz and wife, Margaret, spent two weeks in Mexico in the Valle de Bravo and Mexico City. Dr. Joe has become quite an authority on vacations in the land below the border.

Michael Schultz is a senior at N.T.S.U. He plans to enter osteopathic medicine at present.

Mardi Gay Schultz is a junior at U.T. and plans to teach German and math.

Marilyn Schultz, a cheerleader at Cullen Junior High, just returned from SMU cheerleading school. Unfortunately she was doing one of those Siz, Boom, Rah, Cha, Cha, Cha with a double cartwheel and broke her left arm. She is expected to be out of action for a couple of months.

Dr. and Mrs. Sam Ganz proudly announce the birth of their eighth baby. This is the seventh girl and was born August 30. Sam was running out of names but Judith Coleen was the outcome of Cindy's choice. Dr. Sam and Cindy were visitors to the land of Mexico not too long ago.

Dr. Laurence Taylor has just given his lectures, "Sex Education for Teen-Agers" in Yorktown, Texas. Dr. Taylor has been giving these lectures for quite a few years sponsored by the Y-Teens Club.

Dr. Raymond (Bud) Hughes is the osteopathic contribution to a "Run, Raymond, Run" program. Dr. Hughes has put something like two thousand miles of running behind him this year. He is very active in the "Y" program in Corpus Christi, teaching boxing, wrestling, and just about anything in the gymnastics line. For those who don't know it, Bud is quite the diving expert

and has a professional boxing record that is impressive.

Dr. Dominic Rich is now associated with Dr. Laurence Taylor in their clinic at Gulfway Park.

Dr. Dwight Hause has just recently returned from Kansas City.

THOMAS A. WILLIAMS, D.O., *Reporter*

District No. 9

Dr. and Mrs. John H. Boyd were at the University of Nuevo De Leon in Monterrey this summer. Dr. Dean Wintermute of Klondike and other guests accompanied them.

District IX, with twelve active members, is now ready to claim another "first" for our area and offers the challenge to any other district to match or surpass this next news item:

J. Robin Boyd, son of Dr. and Mrs. John Boyd, has entered Trinity University in San Antonio to study a course in pre-osteopathy and Alan Boyd has started his pre-osteopathic education at the University of Texas.

Roger Dennis Elliott, son of Dr. and Mrs. H. F. Elliott of Rockport, has begun his training in pre-osteopathic medicine at Wake Forest College at Winston-Salem, North Carolina.

Dr. Joe Suderman, Pharr	Secretary-Treasurer

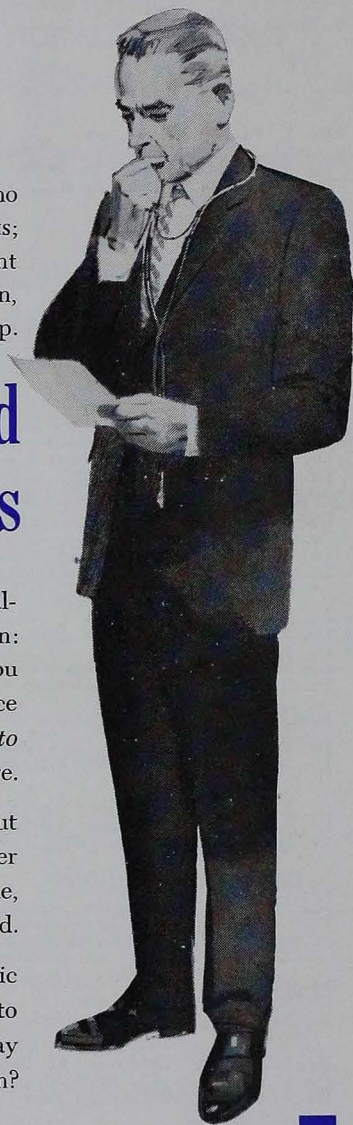

It is not only the patient in the hospital who is concerned about rising hospital-medical costs; the doctor and the hospital management are deeply concerned, too. But in a time of inflation, their costs, like everyone's, are bound to go up.

Everyone is Concerned About Rising Costs

But — there is one area in the cost of hospital-medical care that is the shining exception: the cost of Blue Cross-Blue Shield. How do you determine that cost? Actually, it's the difference between the dollar paid in, and *what is returned to patients* in the form of hospital-medical care.

This year, as in past years, it will be all but a few pennies of the dollar paid in. Here, as in other respects, Blue Cross-Blue Shield is Number One, and far ahead of its field.

In times like these, what is better "public relations" for the hospital-medical industry, than to guide the patient to this tried and true way to hold his collective costs down?

BLUE CROSS[®]-BLUE SHIELD[®]
