As I See It From Here

LOREN R. ROHR, D.O., *President*

I have attended many football games and each time have sat in a different place. I have watched a game from the fifty yard line, from the end zone and from high in the wings of the stadium. Each position gave me a little different view of the game. From one spot the work of the lineman stood out while at another the ball handling of the backfield was the most remarkable feature.

So, in your organization I have held many different positions over a period of several years and as a result have had many different views of your profession. Today, as your president, I would like to pass on to you some of my impressions as I see them from here.

First, I am impressed by the need for more workers in organizational osteopathic medicine. Too few are carrying the load. I do realize that this is common in churches, service clubs and many other organizations in that a small nucleus does most of the work, but it doesn't make it right. Why should ten percent of the organization do all the work for the other ninety percent. We need more men who will give time and talent for their profession. Maybe as an officer, as a good committeeman, or just as a good attender who supports the program by his vote when that vote is needed.

Secondly, I am impressed by the lack of knowledge of the membership pertaining to the structure, functions and goals of its state organization. Many thousand man hours are spent by the House of Delegates, Board of Trustees, Executive Committee and the office staff, building an organization which works for you. It protects your practice rights, it fights your case in the insurance market, it gains representation for you in many different arenas, it works to improve your image, it strives to better your posture, etc. Certainly every member should take time to get acquainted with his state organization. I encourage you to do this, and count me as one who will be willing to act as a guide.

Third, I feel the profession is not aware of what it possesses. We are a small profession, but we stand tall when it comes to being respected by the different public that we have to deal with. We have been treated well in the halls of our state government and our National government. We have been treated fair and equal by the state insurance people. The public has entered our office by the millions and has welcomed our services as complete. Because of all these and many more reasons we have been well repayed for our time. We need to stop and count our blessings.

Fourth, I feel not only have we taken our blessings for granted, but too often have failed to take our responsibility to the public serious enough at times. It is a high privilege to be a physician, but with the privilege comes responsibilities. We must accept these responsibilities and do something about them. We must be willing to police our own organization. Men who would rob the public, carry on illegal practices or would disobey the laws of our land must be disciplined. Such activity as this is carried on by the Insurance Committee and Ethics Committee. They strive to be fair, but frequently are misunderstood by many members of our profession.

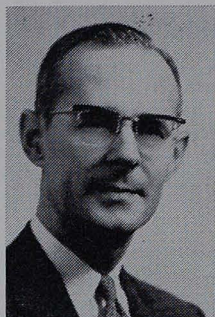

Fifth, I feel we need to take time to evaluate our future. Those who know me well know that I have a trite phrase which I often state, "Better days ahead". This I feel is true for our profession. We never had it so good is applicable for today, but ahead it even will be better. The leadership of your profession are often misunderstood, but we act in the best judgement we possess based on a great faith in you and your profession to carry out ambitious programs for improvement of the general health. We live in revolutionary times and will strive to give leadership equal to its times.

I hope this little editorial will never be interpreted as being critical but will be interpreted as a statement of fact as seen by your president. Organizational work has many frustrations, but certainly it has great benefits and rewards. Fellow physicians, we are a part of a great profession in a great country and in a great time. Our future is what we will make it. We have millions who wish us well.

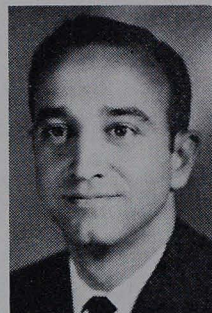

Resume - Meeting of the House of Delegates

Shamrock Hilton Hotel — Houston, Texas

May 1, 1963

CHARLES C. RAHM, D.O.
Speaker, House of Delegates

SAMUEL B. GANZ, D.O.
Vice Speaker, House of Delegates

The eighteenth annual session of the House of Delegates of the Texas Association of Osteopathic Physicians and Surgeons was called to order at 9:25 a.m., Wednesday, May 1, 1963, by the Speaker of the House of Delegates, Dr. Charles C. Rahm.

Invocation was given by Dr. Wiley B. Rountree, San Angelo.

Chair appointed the following committees:

Credentials: Clifford E. Dickey, D.O., Chairman; Joseph S. Carpenter, D.O.

Rules: John H. Burnett, D.O., Chairman; Leland C. Long, D.O., M. A. Calabrese, D.O.

Parliamentarian: G. W. Tompson, D.O.

Reference Committee on Professional Affairs: John H. Boyd, D.O., Chairman; Wiley B. Rountree, D.O., G. W. Taylor, D.O.

Reference Committee on Public Affairs: Elmer C. Baum, D.O., Chairman, E. W. Cain, D.O., G. G. Porter, D.O.

Sergeant-at-Arms: D. D. Beyer, D.O. Committee appointments were approved.

Speaker called for the Report of the

Credentials Committee and the following delegates were seated:

District # 1

Donald E. Hackley, D.O.; E. W. Cain, D.O.; Benjamin W. Rodamar, D.O.

District # 2

Lee J. Walker, D.O.; William W. Bailes, D.O.; Daniel D. Beyer, D.O.; Carl E. Everett, D.O.; Ernest J. Sachse, D.O.; Tom W. Whittle, D.O.; W. D. Blackwood, D.O.; Myron G. Skinner, D.O.; Clifford E. Dickey, D.O.

District # 3

J. Warren McCorkle, D.O.; G. W. Taylor, D.O., Robert E. Slye, D.O.

District # 4

James M. Shy, D.O.; Wiley B. Rountree, D.O.

District # 5

A. Roland Young, D.O.; John H. Burnett, D.O.; Walters R. Russell, D.O.; Raymond N. Dott, D.O.; Joseph M. Dubin, D.O.; T. Robert Sharp, D.O.; Robert B. Finch, D.O.; Robert G. Haman, D.O.; Frank J. Bradley, D.O.; Edward J. Yurkon, D.O.

District # 6

Robert R. Ling, D.O.; Esther M.

Roehr, D.O.; Gordon A. McClimans, D.O.; Joseph S. Carpenter, D.O.; Jack P. Leach, D.O.; Robert L. Peters, D.O.; Robert P. Kelley, D.O.; David Jaffe, D.O.

District # 7

Elmer C. Baum, D.O.; W. G. Millington, D.O.; Everett W. Wilson, D.O.

District # 8

Leland C. Long, D.O.; M. Glen Kumm, D.O.; Mabel F. Martin, D.O.

District # 9

John H. Boyd, D.O.; Clark D. Tisdale, D.O.

District # 10

Horace A. Emery, D.O.; G. G. Porter, D.O.; H. Eugene Brown, D.O.

District # 11

M. A. Calabrese, D.O.; Roger R. Delgado, D.O.

District # 12

Paul D. Siefkes, D.O.; Kenneth R. Watkins, D.O.

District # 13

James E. Fite, D.O.; Dean E. Wintermute, D.O.

Speaker calls for:

Report of Rules Committee 1963

—John H. Burnett, D.O., Chairman

This Committee was directed by the Speaker to draw up a set of rules which will expedite the mechanics of the

House activities. The Committee recommends the adoption of the following rules:

1. The rules contained in Robert's Rules of Order, Revised, shall govern this House in all cases in which they are applicable and in which they are not inconsistent with the By-Laws and special rules of this House.

2. Following the initial Roll Call, business shall not be interrupted for the seating of delegates except at specified intervals and upon recommendation of the Credentials Committee.

3. All motions consisting of more than a few words shall be presented to the Chair in writing.

4. The name of the member who seconds a motion is not required to be entered in the minutes and the secretary shall not interrupt business in order to ask who seconded a motion.

5. The oral reports by the executive secretary and chairman of the various departments and committees of this Association shall be restricted to a short resume of the activities of their particular committee.

6. When a recommendation is read by a committee chairman or other department head authorized to make recommendations, the Speaker may place the recommendation before the House for discussion without the formality of a motion to that effect.

7. That the Order of Business outlined in the printed agenda be adopted.

Mattern X-Ray Equipment and X-Ray Supplies

Diathermy and Galvanic Machines—Ultra Violet and Infra Red Lamps
Beck-Lee Cardio Graphic and Cardio-Mite Machines

SOUTHWEST & JOHNSON X-RAY CO.

1903 Anson Road

P. O. Box 6613

Dallas, Texas

Phones: FL 1-0858 and Night LA 8-6834

8. These rules shall become effective immediately and shall remain in effect unless changed by a two-thirds vote.

ADOPTED BY GENERAL CONSENT

* * *

Chair calls for: MINUTES OF PREVIOUS MEETING: There being no corrections, the minutes of the previous meeting, as printed, were adopted by general consent.

* * *

Report of Executive Secretary

—P. R. Russell, D.O.

Dr. Russell stated his report was printed and he had nothing to add, but would be happy to answer any questions in reference to it. A brief question and answer period followed. NO RECOMMENDATIONS

* * *

SPECIAL ORDERS OF BUSINESS DURING MEETING OF THE HOUSE

9:30 A.M.—Speaker introduces to the House of Delegates, DR. L. G. BALLARD, TAOP&S PRESIDENT. Dr. Ballard spoke briefly of our accomplishments and our fast growing recognition at the local, state and national levels. He urged sound thinking and unity within the profession.

Dr. Ballard received a standing ovation!

10:30 A.M.—Vice Speaker introduces to the House, DR. J. E. VINN, Chairman of Convention Registration Committee. Dr. Vinn announces the cost of guest tickets for the various functions during the annual convention and then explains the manner in which he will pre-register members of the House of Delegates.

3:20 P.M.—Speaker presents to the House of Delegates, MRS. JOHN H. BOYD, PRESIDENT, AUXILIARY

TO TAOP&S. Mrs. Boyd extends the greetings of the ATOPS to the House of Delegates and spoke briefly of the Auxiliary's objectives and accomplishments during the past year.

MRS. BOYD then introduces to the House, MRS. R. N. SHEPPARD of Bay Village, Ohio, PRESIDENT OF AUXILIARY TO AMERICAN OSTEOPATHIC ASSOCIATION.

MRS. SHEPPARD outlined the objectives and accomplishments of the national auxiliary and urged more active participation by every osteopathic physician's wife.

Both Mrs. Boyd and Mrs. Sheppard received standing ovations!

5:05 P.M.—The House paused in its deliberations for one minute of silence IN MEMORY OF THE LATE DOCTORS ROBERT E. MORGAN, of Dallas and HENRY E. HENSLEY of Big Sandy. (Note: An appropriate letter was sent to each of their wives on May 9, 1963, as directed by the House.)

8:55 P.M.—Speaker introduces to the House, DR. CHARLES W. SAUTER, II, of Gardner, Mass., PRESIDENT, AMERICAN OSTEOPATHIC ASSOCIATION.

Dr. Sauter extends the official greetings of the A.O.A. to the House of Delegates. He reports on the California situation and the status of our five osteopathic colleges at the present time. He urges unity within the profession and an unwavering faith in the future of the osteopathic profession.

Dr. Sauter received a standing ovation.

* * *

LIST OF COMMITTEE REPORTS PRESENTED AND RECOMMENDATIONS ADOPTED BY THE HOUSE OF DELEGATES

Department of Professional Affairs

—John H. Burnett, D.O., Chairman

Dr. Burnett made a brief oral report

and then called on the Chairmen of the Committees under his department to present their annual reports and recommendations:

Committee on Professional Education and Meetings

—Charles H. Bragg, D.O., Chairman

Dr. Bragg presents his report. Printed Recommendations #1 and #2 were declared Out of Order as they are already an established policy of the TAOP&S. Recommendation #3 was amended as follows, and adopted:

"That specialty group meetings be cleared through the State Office as well as the Committee Chairman."

* * *

Ethics Committee

—J. Warren McCorkle, D.O., Chairman

Dr. McCorkle presents his report. Recommendation #1 was Declared Out of Order as it is an established policy of the TAOP&S. The following recommendations (#2-#4) were adopted:

"That applicants for membership in our association who have received the M.D. degree from the California school be held up until all matters in regard to our present members having the M.D. degree have been thoroughly clarified and

a final decision reached by our Board of Trustees."

"Any member who has signed a certificate stating that he desires not to hold an Osteopathic license in California be required to send a letter of retraction to the State Board of Medical Examiners of California; the State Board of Osteopathic Examiners of California; the American Medical Association; the American Osteopathic Association; and the Board of Trustees of the Texas Osteopathic Association."

"That any member of our Association holding the M.D. degree from California be required to meet all requirements set forth by the Board of Trustees of the American Osteopathic Association."

* * *

Annual Program Committee

—Robert H. Nobles, D.O., Chairman

In the absence of Dr. Nobles, the report was presented by Dr. Burnett. Printed Recommendations #1-#2 were Declared Out of Order as these are established policies of the TAOP&S. No further recommendations.

* * *

Committee on Constitution By-Laws and Charters

—Richard L. Stratton, D.O., Chairman

This report was presented as a special item of business as the Committee recommendations consisted of the adoption of proposed amendments to the TAOP&S Constitution and By-Laws. In presenting his report, Dr. Stratton explained that the proposed amendments submitted by his committee were reviewed and approved by our attorney. The following are the ARTICLES AND SECTIONS OF THE BYLAWS AS AMENDED BY THE HOUSE, THROUGH THE ADOPTION OF PROPOSED AMENDMENTS:

ARTICLE IX—House of Delegates

Section 10—The House of Delegates shall be responsible for establishing and maintaining a Code of Ethics for the Texas Association of Osteopathic Physicians & Surgeons.

Section 11—The House of Delegates shall have other duties as prescribed in these By-Laws.

ARTICLE XIV—Amendments

Section 1—These By-Laws may be amended at any annual or special meeting of the House of Delegates by a two-thirds vote of the accredited delegates, present and voting, provided that the amendment shall have been filed with the Executive Secretary at least two months before the meeting at which the amendment is to be voted upon. Upon receiving a copy of the amendment, it shall be the duty of the Executive Secretary to cause it to be printed in the official publication of the Association at least one month before the meeting. The proposed amendment may be revised if necessary to secure conformity to the Constitution. Only those amendments proposed by a bona fide District Society, or the Committee on Constitution, Bylaws & Charters will be considered for action.

The following articles are the ARTICLES AND SECTIONS OF THE CONSTITUTION AS AMENDED BY THE HOUSE, THROUGH THE ADOPTION OF PROPOSED AMENDMENTS:

ARTICLE VII—

Executive Committee

Section 1—The Executive Committee of the Board of Trustees shall consist of the President, Immediate Past President, President-Elect, Vice President, Chairman of the Department of Professional Affairs and Chairman of the Department of Public Affairs. Such department chairmen shall be appointed by the President from the members of the Board of Trustees.

ARTICLE X—Amendments

Section 1—The Constitution of this Association may be amended at any regular annual meeting of the House of Delegates by two-thirds vote of the accredited delegates, present and voting, provided that not less than thirty days but not more than ninety days notice shall have been given to the House of Delegates in writing by the Executive Secretary; or that such notice shall have been published in like manner in the official publication of this Association. The wording of the proposed amendment must be sufficiently clear to state its intent. Only those amendments proposed by a bona fide District Society or the Committee on Constitution, Bylaws & Charters will be considered for action.

* * *

Committee on Editorial Policy & Journal Publication

—George J. Luibel, D.O., Chairman

In the absence of Dr. Luibel, the report was presented by Dr. John Burnett. Printed Recommendation #1 was declared Out of Order as being established policy of the TAOP&S. Recommendations #2 through #7 were also declared Out of Order as being the prerogative of the Board of Trustees, as publisher of the Journal. Following much discussion, Recommendations #2 through #8 (as printed) were referred to the House Reference Committee on Professional Affairs for study and recommendation. The following RECOMMENDATION FROM HOUSE REFERENCE COMMITTEE WAS ADOPTED:

"That the Board of Trustees is directed to instruct the Editor (a) to use all available materials and talent to improve the content of the Journal, (b) to increase the editorial coverage of current issues, and (c) to develop his own sources for local and personal news."

Department of Public Affairs

—Richard L. Stratton, D.O., Chairman

Dr. Stratton made a brief oral report and then called on the Chairman of the Committees under his department to present their reports and recommendations:

* * *

Public Health Committee

—Elmer C. Baum, D.O., Chairman

Dr. Baum presented his report, commenting on bills in the Legislature and the activities of the Sub-Committee. He explained our position regarding malpractice suits and emphasized the importance of maintaining accurate records. Printed Recommendations #1 through #5 were declared Out of Order as being established policy of the TAOP&S. Recommendation #6 which was adopted and additional action taken by the House, is as follows:

Emerson

ZINC-BORIC LOTION

- For mild to moderate cases of diaper rash
- For chafed and irritated skin

"The Public Health Committee be authorized to recommend to the Association insurance carrier a deductible clause be placed on any member who has multiple claims."

"That the Public Health Committee be directed to enthusiastically support S.B. 273 and H.B. 349 at this session of the Legislature in the interest of the osteopathic profession in Texas and report their progress to the House of Delegates."

"That this House direct the Public Health Committee to take the stand on all legislative matters that no third party be allowed to direct that a patient accept care from any physician not of the patient's own choice. The Public Health Committee shall maintain at all times the position that the interests of the patient shall be pre-eminent."

"That the House of Delegates

direct the Public Health Committee to investigate the feasibility of placing in all malpractice policies a reasonable deductible amount in an effort to reduce premiums and stimulate all members to avoid carelessness resulting in claims."

"That this House instruct the Public Health Committee to investigate and study all professional liability insurance plans including the plan proposed by Mr. Murphy of Houston for Lloyds of London, the Missouri Plan, and all others submitted. This report to be submitted to the districts at earliest possible time."

* * *

Public and Professional Service Committee

—Robert H. Nobles, D.O., Chairman

In the absence of Dr. Nobles, the report was presented by Dr. Richard L. Stratton. Printed Recommendations #1, #4, #5, #7, #8, #9, #10 were declared Out of Order as being established policy of the TAOP&S. Recommendation #10 was also out of order as being the prerogative of the Committee Chairman. Recommendations #14, #16, #17 were declared Out of Order as being the responsibility of the Public Health Committee.

THE FOLLOWING RECOMMENDATIONS WERE ADOPTED:

"That the membership of this Committee organization be enlarged to enable it to carry out the above objectives."

"That each district set aside its meeting which immediately follows the convention of TAOP&S for the report of the delegates from that district as to the actions taken by the House of Delegates and that plans to carry out the directives of

DEATHS

Dr. H. P. (Sam) Swisher Jr., 53 of Houston, Texas, died suddenly Sunday, May 5, in his office at 625 West Alabama Ave. Burial was in Forest Park Lawndale Cemetery after a Chapel Service conducted by Chaplain Joe F. Luck.

* * *

Louis W. Handley, Treasurer and Business Manager for the Kirksville College of Osteopathy and Surgery, died of a heart attack in his hotel room, May 16, 1963, while attending the annual convention of the Pennsylvania Osteopathic Association. Mr. Handley left Kirksville May 4 and had attended the Michigan and Indiana Conventions prior to going to Philadelphia.

the House of Delegates in the districts be formulated at this meeting."

"Establish the combined degree with liberal arts colleges in Texas and osteopathic colleges."

"Publish a pamphlet for use in the D.O.'s offices which will contain statistical data regarding the D.O. in Texas, hospitals, Board appointments, Health Officers, etc."

"Establish a speakers bureau of physicians who will be available for participation in district programs."

"To establish a 'Career Day' participation program in each district."

* * *

Osteopathic Progress Fund Committee

—Harlan O. L. Wright, D.O., Chairman
In the absence of Dr. Wright, the re-

port is presented by Dr. Richard L. Stratton. NO RECOMMENDATIONS.

* * *

Veterans Affairs Committee

—Robert E. Morgan, D.O., Chairman

Due to the untimely death of Dr. Morgan on January 27, 1963, there was no written report. An oral report was presented by Dr. Richard L. Stratton, who stressed the importance of participation in Veterans Organizations.

NO RECOMMENDATIONS.

* * *

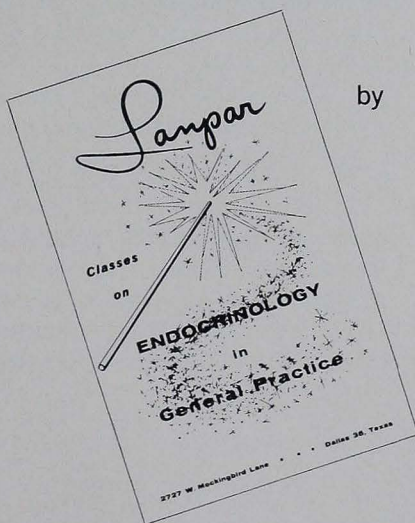

Committee on Hospitals & Insurance

—G. W. Thompson, D.O., Chairman

In the absence of Dr. Thompson, the report was presented by Dr. Richard L. Stratton. THE FOLLOWING RECOMMENDATION WAS ADOPTED:

"That the Association give a vote of confidence and unstinting support to the TOIL Committee."

ENDOCRINOLOGY IN GENERAL PRACTICE

by

Lanpar

THE HOUSE OF ETHICAL PHARMACEUTICALS

We would like to take this opportunity of inviting you to attend one of our highly informative classes dealing with Endocrinology in General Practice.

Our classes, as outlined in the booklet shown at the left, are designed to present the most current up-to-date information on such problems as endocrine disorders and metabolic imbalance, cardiovascular conditions, hypertension and neuroses, arthritis and diabetes.

For a copy of this booklet and further information on how to attend one of our 3-day courses, just send your name and address to the Lanpar Company and we will forward you all the necessary details.

LANPAR PHARMACEUTICAL COMPANY • • • 2727 W. MOCKINGBIRD LANE • • • DALLAS, TEXAS

Committee on Disaster Medicine

—Thomas R. Turner, D.O., Chairman

Dr. Turner presents his report and the FOLLOWING RECOMMENDATIONS WERE ADOPTED:

"District Chairman to be appointed more promptly and to furnish the state chairman with a summary of their district's activities in civilian defense and mass disaster programs."

"Articles to be prepared on mass casualty care and to be submitted to the Texas Journal and be published therein."

* * *

UNASSIGNED COMMITTEES

(Only those recommendations adopted by the House, are printed)

Interprofessional Relations Committee

—Elmer C. Baum, D.O.

Dr. Baum reported that a meeting between the TAOP&S Interprofessional Relations Committee and the Sub-Committee of the TMA Board of Councilors was held in Austin, January 18, 1963 at which time the medical group was emphatically told that we are not interested in amalgamation . . . that our sole interest is to improve the M.D.-D.O. relationship in an effort to provide the best in health care for the people of Texas.

NO RECOMMENDATIONS.

* * *

Liaison Committee To Auxiliary

—Samuel B. Ganz, D.O., Chairman

Dr. Ganz presented his report. FOLLOWING RECOMMENDATIONS WERE ADOPTED:

"The House of Delegates reaffirm its intention to allot the Auxiliary one-hundred dollars for convention flowers and place cards which shall be spent for these items in any way the Auxiliary deems advisable."

"The Auxiliary Board members be invited each year to attend the meeting of the House of Delegates of the TAOP&S."

* * *

Re-Districting Committee

—Tyra A. Morgan, D.O., Chairman

In the absence of Dr. Morgan, a request for dedistricting so those physicians in the Valley might have a district of their own, was presented by Dr. Rahm, Speaker of the House. Dr. Mabel Martin, President of the recently organized local organization in the Valley, was requested to speak to the House regarding this. THE FOLLOWING RECOMMENDATION WAS ADOPTED:

"That a new district be formed, consisting of the four counties; Hidalgo, Cameron, Willacy and Starr, to be known as District #14"

* * *

Committee on Christmas Seals

—Fred E. Logan, D.O., Chairman

Dr. Logan presented his report. Recommendation Declared Out of Order as being established policy of the A. O. A.

* * *

Council on Development

—Raymond D. Fisher, D.O., Chairman

In the absence of Dr. Fisher, the report was presented by Speaker of the House, Dr. Charles C. Rahm. NO ACTION TAKEN ON RECOMMENDATIONS AS COMMITTEE WAS DISCONTINUED BY BOARD OF TRUSTEES.

* * *

Scholarship Committee

—G. W. Tompson, D.O., Chairman

Dr. Tompson presented his report. No recommendations.

Committee to investigate possibility of establishing an Osteopathic medical school in Texas.

—Loren R. Rohr, D.O., Chairman

In the absence of Dr. Rohr, the report was presented by Dr. P. R. Russell, a member of the committee. Recommendation Declared Out of Order since this is an Ad Hoc Committee.

* * *

Re: Committee Reports

"Moved and seconded that the Department of Professional Affairs and the Department of Public Affairs bring to the attention of their Committee Chairmen the importance of their prompt presentation of reports to the House of Delegates. It is their responsibility to personally relate, when possible, the most informed data to this policy making body of our organization."

* * *

RESOLUTION

(Prepared by Drs. True B. Eveleth and Richard E. Eby of the A.O.A., at the request of TAOP&S Speaker of the House, Dr. Charles C. Rahm.)

"WHEREAS, a primary objective of the osteopathic profession is to make available to the public the best health care; and

WHEREAS, the profession's organizations are prepared to cooperate with any other professional group whenever such cooperation may be expected to lead to improved health service to the public; and

WHEREAS, consultation among interested and responsible groups to discover and explore opportunities for cooperation, and to examine difficulties in areas in which the various schools of medicine exercise their responsibilities, can be effective in finding such areas of cooperation and in solving mutual problems; and

WHEREAS, it is desirable that ethical relationships should exist among the healing professions; and

WHEREAS, original and important

contributions to health care have been made by osteopathic physicians and surgeons; and

WHEREAS, the osteopathic profession can best develop these contributions for the welfare of humanity; and should have unhampered opportunity to do so;

THEREFORE BE IT RESOLVED: That the Texas Association of Osteopathic Physicians and Surgeons support the policy of maintaining a separate, complete and distinctive school of medicine, and

BE IT FURTHER RESOLVED: That the Texas Association of Osteopathic Physicians and Surgeons oppose any plan which may lead to amalgamation with or absorption into the allopathic school of medicine."

ADOPTED BY UNANIMOUS VOTE

RESOLUTION

(Prepared and presented by the District #2 Society of the T.A.O.P.S.)

"WHEREAS: The Texas Association of Osteopathic Physicians and Surgeons resolve to remain a distinct and separate school of the healing arts, and

WHEREAS: We are proud of our academic degree, principles, and the progress made by this profession in scientific and humanitarian endeavor, and

WHEREAS: It is imperative that the Osteopathic Profession continue its progress and contribution to the medical sciences and care of the sick, and

WHEREAS: The osteopathic physicians in the State of Texas must do all in its power to further the ideals of this great profession, and

WHEREAS: We recognize that this profession needs additional research and educational facilities, and the Southwest area needs an increase in the number of Osteopathic Physicians,

BE IT RESOLVED THAT: The House of Delegates of the Texas Association of Osteopathic Physicians and Surgeons be in favor of the establishment of a College of Osteopathy in the State of Texas. Furthermore, the House of Delegates of this Association appre-

ciates the past effort made by its Board of Trustees and appointed committee to prepare for the location of a new Osteopathic College in Texas, and

BE IT FURTHER RESOLVED THAT: This House of Delegates specifically request that the Board of Trustees of the Texas Association of Osteopathic Physicians and Surgeons continue to pursue the location of an Osteopathic College in the State of Texas and to specifically consider the following factors:

1. Petition the American Osteopathic Association for funds to properly study and organize the establishment of an Osteopathic college.
2. Obtain, if possible, all information that has been accumulated in the establishment of a new College of Osteopathy in Michigan.
3. Study of the availability of funds that might be obtained from the State or Federal government.
4. Consider allocating a portion of State dues to further establishment of a school.
5. Consider appointment of impartial group to select best possible location.

ADOPTED

Re: Convention Sites

"That the 1965 annual convention of the TAOP&S be held in Austin, our State Capitol."

"That the 1966 annual convention of the TAOP&S be held in Corpus Christi."

Dr. Robinson is Doctor of Year

From The Tulia Herald, Thursday, May 9, 1963

Glen L. Robinson, D.O. (left), of Happy, Texas was named "General Practitioner of the Year" for 1963 by the Texas Society of General Practitioners in Osteopathic Medicine and Surgery. A plaque for "distinguished service in his profession and community" was presented to him by Dr. L. G. Ballard, president of the TAOP&S, during the annual state convention in Houston.

Dr. G. L. Robinson of Happy was named "General Practitioner of the Year" by the Texas Osteopathic Physicians and Surgeons at that organization's annual convention held last week in Houston.

Dr. Robinson began his practice in Happy in 1939 in offices located on the second floor of Happy Hotel. His practice was interrupted by World War II and he served for more than three years in the South Pacific.

After the war, he built his own clinic in Happy. About a year ago he moved

into a modern new clinic next to Happy's post office.

Dr. Robinson is on the staff of Amarillo Osteopathic hospital where he takes patients in need of hospitalization. However, in the absence of local hospital facilities, he still treats many patients in the home.

He was selected for the state honor on the basis of work done beyond the call of duty. Last year's award went to a Jacksonville doctor for his work in caring for the victims of Hurricane Carla.

Dr. Robinson is available day or

night, treating all who call upon him regardless of ability to pay. In treating patients in their homes, like the "old fashioned" doctor, he often finds time to make several "unofficial" calls during the day not only to observe any changes in their physical condition but to boost their morale. For this and other reasons, Dr. Robinson's patients have utmost confidence in his handling of their cases. They know that when they need more specialized treatment than a general practitioner can offer, he will send them to specialists in Amarillo, Temple, Houston or perhaps Mayo Clinic in Minnesota.

Dr. Robinson is also able to examine eyes and prescribe glasses where needed. He gives free eye examinations each year to all school children entering the Happy schools for the first time. He is always available to treat injuries sustained in school athletic contests without charge.

He has served as scoutmaster and has been active in scouting for most of the time he has practiced medicine in Happy. He succeeded T. L. Fore, Jr. as mayor of Happy in 1956 when Fore moved to Washington to become administrative assistant to Congressman Walter Rogers. Since then, Happy vot-

ers consistently and unanimously return him to office in each city election.

Dr. Robinson married the former Anna Bee Huckabee of Happy. They have one son, Bob, an eighth grader.

East Town Hospital Stages Dinner-Dance

A dinner dance honoring the staff of East Town Osteopathic Hospital was held at Riverlake Country Club on April 20.

Several prominent Dallas civic leaders were among those attending.

Dr. Robert Sharp, Chief-of-Staff, acted as master of ceremonies, and Dr. William Boone was arrangements chairman.

In patients with "low pain thresholds" drastic treatment for localized complaints should not be undertaken hastily.

Dependency and "hysteria" increase susceptibility to disease and accident and prolong convalescence.

Emotionally disturbed patients react badly to displays of anger or hostility (especially yours).

Hospital of the Month

Community Hospital Inc.

1405 Holland Avenue

Houston 29, Texas

The Texas Osteopathic Physicians' Journal is proud to salute COMMUNITY HOSPITAL, INC. as the Hospital of the Month.

This modern facility was incorporated as a proprietary institution on May 1, 1951, by Doctors Loren R. Rohr, President; Victor H. Zima, Vice President; and G. W. Tompson, Secretary-Treasurer. The hospital opened June 1, 1951, with 23 adult beds.

Several expansion programs have been completed during the years 1955, 1956, 1957 and 1960, bringing the total bed capacity to 60 adult beds, plus the addition of a complete new x-ray department, staff room, L.V.N. School classroom, new kitchen and dining room facilities, and a completely new out-patient department.

Community Hospital has been approved for intern training since 1954 and to date has graduated 22 interns. At present the hospital has four interns in training.

The Community Hospital School of Vocational Nursing was approved for license on October 15, 1957 and has graduated five classes. A sixth class is now in progress.

This osteopathic institution has enjoyed an enviable record, averaging

4,100 inpatients per year and 12,000 emergency cases per year. There have been 6,380 babies delivered in the hospital since its opening. The hospital now operates on a budget of approximately \$700,000 of which approximately \$450,000 goes in salaries to employees who live in the area.

Present owners of Community Hospital are Drs. Loren R. Rohr, Victor H. Zima, G. W. Tompson, and Mr. Lee Davis who acts as administrator. Board of Directors are Dr. Rohr, President; Dr. Zima, Vice President; and Dr. G. W. Tompson, Secretary-Treasurer.

Although the hospital appears to be located in Houston, it is actually situated in Jacinto City, a suburb 18 miles from the center of the city. Jacinto City is in one of the fastest growing industrial areas of the nation and is approximately 15 miles from the new multi-million dollar Man Space Center (National Aeronautics & Space Administration).

This area offers unlimited opportunities for osteopathic physicians. If interested in this location, contact Mr. Lee Davis, Administrator, Community Hospital, Inc., P.O. Box 24216, Houston 29, Texas.

● Post Graduate Course Termed "Success"

The American College of Osteopathic Surgeons sponsored a two-weeks post-graduate course in surgery at the Inn of Six Flags, Arlington, Texas, May 13-25. This was one of the most inspiring and enlightening programs, from a post-graduate standpoint, that has ever been conducted. Comments from those who took the course (who have had other postgraduate courses in surgery) were that this far surpassed any course they have ever taken for resident training as well as those interested in surgery. These statements were proven by the attentiveness of those who enrolled. The program consisted of classes from 9 a.m. to 5:30 p.m. with 1½ hours off for lunch. Very seldom were any of the class out of the room. In addition, round table sessions were held three nights a week.

The faculty consisted of 39 distinguished osteopathic physicians and one M.D. Of this number, Texas furnished 27 of the faculty. The 13 physicians from out of state were distinguished educators. Those who participated on this faculty were: James T. Calabria, D.O.; Lester T. Cannon, D.O.; A. A. Choquette, D.O.; Richard E. Cordes, D.O.; Joseph F. DePetris, D.O.; Roy L. Fischer, D.O.; Roy B. Fisher, D.O.; Milton V. Gafney, D.O.; E. Richard Halden, M.D.; Charles M. Hawes, D.O.; Richard B. Helfrey, D.O.; Melvin E. Johnson, D.O.; Elmer C. Kelso, D.O.; Thomas T. McGrath, D.O.; Ralph I. McRae, D.O.; George E. Miller, D.O.;

C. D. Ogilvie, D.O.; C. Raymond Olson, D.O.; Nicholas G. Palmarozzi, D.O.; George F. Pease, D.O.; William B. Reed, D.O.; Paul A. Stern, D.O.; J. Natcher Stewart, D.O.; Thomas R. Turnet, D.O.; Lee J. Walker, D.O.; William S. Walters, D.O.; Edward J. Yurkon, D.O.; all of Texas. Out of state faculty members were: Howard C. Baldwin, D.O.; William Baldwin, Jr., D.O.; Emmett Binkert, D.O.; Angus G. Cathie, D.O.; William J. Davis, D.O.; LaMoyne W. Hickman, D.O.; Paul R. Koogler, D.O.; P. Robert Lombardo, D.O.; Harold J. McAnally, D.O.; Armen Marouk, D.O.; Don E. Ramey, D.O.; J. Donald Sheets, D.O.; and Ellis Siefer, D.O.

Texas also demonstrated that its physicians are continually seeking advanced information. Out of 54 physicians in attendance, from all over the nation from as far as Maine to Oregon, 13 of them were from Texas. The following Texas physicians were in attendance:

J.W. Axtell, D.O., Lubbock
C. H. Bragg, D.O., Hurst
Robert Clayton, D.O., Groom
Willis L. Crews, D.O., Gonzales
Dwight Hause, D.O., Corpus Christi
J. Edgar Conrad, D.O., Ft. Worth
Wm. R. Jenkins, D.O., Ft. Worth
Seaborn Jones, D.O., Grand Prairie
Thomas P. Kelley, D.O., Dallas
Robert H. Nobles, D.O., Denton
Richard L. Stratton, D.O., Cuero
L. L. Sullivan, D.O., Ft. Worth

FORT WORTH, TEXAS

Hospital Opening A Huge Success

Shown at recent dedicatory services of Dallas Osteopathic Hospital are, l. to r., Dr. Phil Russell, executive secretary of the TAOP&S; Mrs. Robert E. Morgan, and Dr. T. Eugene Zachary, incoming president of District V.

On May 9, 1963 the new addition to the Dallas Osteopathic Hospital was dedicated in memory of the late Dr. Robert E. Morgan. There were 250 invited guests at the services. The following dignitaries and important guests attended the cocktail party at 7:00 p.m., prior to the formal dedication ceremonies: Dr. James E. Peavy, Commissioner, State Board of Health; Dr. Elmer C. Baum of Austin; Dr. and Mrs. P. R. Russell; Dr. Bass, City Health Officer; Dr. Pickard, County Health Officer; County Judge Sterrett; Councilwoman Elizabeth Blessing; Mrs. W. L. Beavers, Chairman of Board, Merchants State Bank.

The dedication ceremony opened with

the Invocation by Mr. James Long, president of the Seagoville School Board, and lay member of the Dallas Osteopathic Hospital Board.

Dr. James C. Williamson of Seagoville, chairman of the Board of Trustees, dedicated the two buildings to "the best osteopathic medical and surgical care available. In responding for the staff, Dr. Robert L. Moore of Mesquite, chief of staff, pledged "the full talents, skills and energies of the staff to implementing the ideals for which this building was erected."

Mrs. Elizabeth Blessing, city councilwoman, introduced Dr. Peavy who gave the dedicatory address. Dr. Peavy gave a tremendous and enthusiastic dedica-

tion address, particularly in reference to the care of the public.

Following the dedication ceremonies the 250 guests toured and inspected the new facilities which were declared above average. These include such innovations as IBM equipment throughout the business and records division; a dining room for ambulatory patients — a first in Dallas hospitals — and an automatic processor in the X-ray department that develops and dries film in six minutes.

Other features include provision for future installation of Cobalt 60 therapy; an electronics kitchen range; an oxygen system piped to every bed; an osteopathic manipulation treatment room on every floor; a department of physical medicine; a surgical suite of four major operating rooms; two emergency rooms and a seven-bed recovery room; a five-room laboratory suite; an obstetrics suite consisting of four labor rooms, two delivery rooms, 24-bassinet nursery, isolation nursery, father's lounge, nursery viewing corridor and formula room; a chapel; pediatrics ward, and an eight-room suite comprising the Department of Radiology, including the Department of Nuclear Medicine.

As soon as remodeling of the older building is completed, at a cost of \$50,000, the two buildings linked by a common corridor will provide a 150-bed hospital, one block long, represent-

ing a \$2,000,000 center that ranks as the state's largest osteopathic institution and the fifth largest general hospital in Dallas, located at 5003 Ross Avenue.

Indeed it was a thrill to view these new facilities in this newest and most modern of our hospitals.

On Sunday, May 12, the hospital opened its doors for inspection by the general public. Some 3,000 persons attended the opening. There were 340 inches of editorial space devoted to the opening in the two major Dallas newspapers and equally that much more in suburban papers. Radio and television also carried news of the opening.

Dallas Osteopathic Hospital operates its own School of Vocational Nursing and is staffed by 60 doctors and 110 nurses. It is approved for teaching by the Texas Department of Health and approved by the Bureau of Hospitals of the American Osteopathic Association for intern training and residencies in surgery, pathology, anesthesiology and internal medicine.

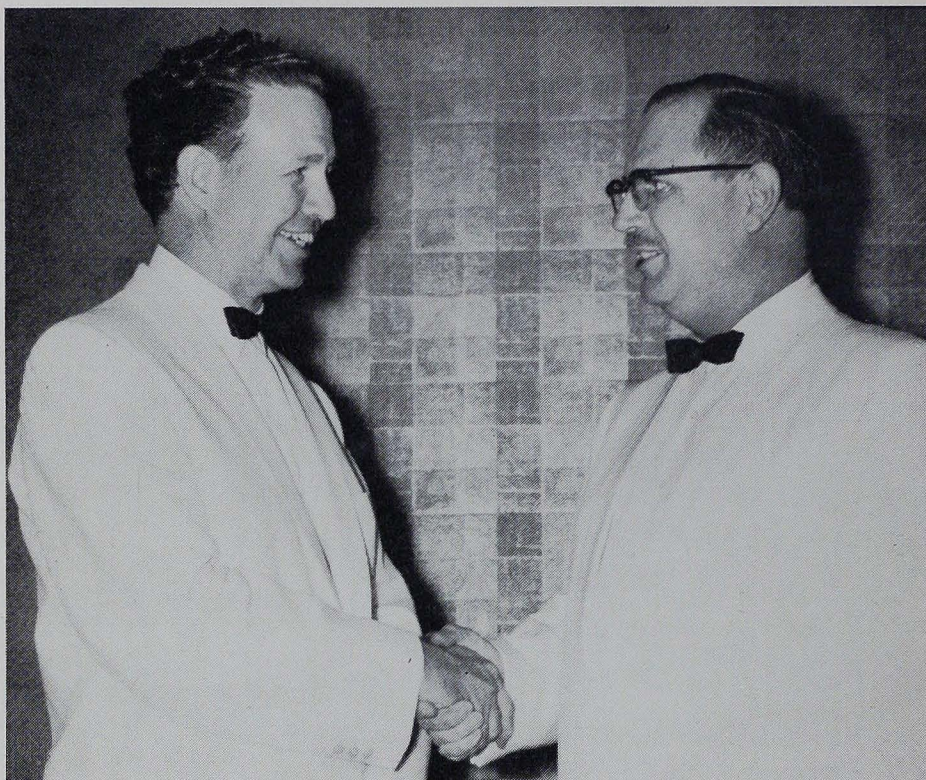

Neoplastics lesions are sometimes preceded by an enormous increase in production of red blood cells.

In burned patients, severe shock may be masked by a normal or even elevated blood pressure which has resulted from the pressor effect of released toxins.

FOR SALE:

Eight year established general adult practice grossing \$30,000 per year. Co-owner of modern ten-room brick building (3 years old) including land and some furnishings. Located in fastest growing suburban area, near Dallas, Texas. Leaving for residency. Asking \$8,300. Also, all personal equipment and X-ray for sale if desired. If interested, contact Leonard C. Nystrom, D.O., 50 Northridge Village, Mesquite, Texas. Business Phone AT 5-6363. Home Phone AT 5-5580.

General Practitioners Meet

Dr. John H. Burnett (left), Dallas, newly elected president of the Texas Society of General Practitioners in Osteopathic Medicine, receives congratulations from retiring president, Dr. William J. Mosheim, San Antonio.

At a breakfast meeting on May 3 at the annual State Convention, the Texas Society of General practitioners in Osteopathic Medicine elected the following officers:

John H. Burnett, D.O., President

Robert G. Haman, D.O., Vice President

Tom W. Whittle, D.O., Secretary

Trustees of the Society are Drs. Dan D. Beyer, Robert B. Finch, Clifford E. Dickey, and Robert P. Kelley.

Participation of the General Practitioners Society in the Annual Pediatric Seminar in Fort Worth was actively discussed. This annual meeting merits

increased attendance by General Practitioners who see pediatric patients.

Preparations are being made for an additional seminar to be held in January of 1964. The program committee will meet in June to outline a specific program. If you are interested in a particular subject or speaker for this seminar, please notify one of the aforementioned officers!

In considering prognosis, it is well to remember that the individual patient being considered is not the "average patient" from whom statistics have been compiled.

IT'S SPRING AGAIN

By GEORGE W. NORTHUP, D.O.

Spring is now several weeks old. A freshness pervades the air. Birds and flowers, too long gone, reappear. Even the dingiest alleys reflect its magic touch. It is as if the world around us is cleansing itself of the winter's dullness and is making a fresh start.

The profession, too, is coming out of its "winter of discontent." Its pulse quickens as organizations and people move into the environment of the season. Throughout the country a quickening spirit stirs. We in osteopathic medicine are no longer satisfied with merely defending its existence. Through cooperative action, we are moving toward new horizons of service.

Spring is also a time for cleaning. As each one of us brings the benefits of osteopathic medicine to the people he serves, he needs to consider the fact that he, like every physician, may need to engage in some "spring cleaning" of his own. This does not relate itself to mere cleanliness and order. It has to do with moods and attitudes, ideas and ideals.

There is no physician who does not need, periodically, to review his professional habits, to analyze his shortcomings, and to supplant negative thinking with positive action.

He needs to ask himself if his profes-

sional relationship with his patients is as good as it should be. Is he out of touch with the problems of his colleagues? Is he so lost in the maze of routine that his practice is one of rote rather than of creative development?

Bad habits, including those of medical men, are peculiar. They don't necessarily start out to be bad, but develop so. Thoughtlessness too easily replaces thoughtfulness. "Care-for" too often becomes a monotonous "care-less."

As we clean our houses and offices, we need also to clean the cobwebs from our inner selves. We need to meet each day's challenges, and to solve each new problem. We need to be a part of the reawakening that is occurring throughout the world of osteopathic medicine.

This editorial is perhaps unusual in that it neither reveals new facts nor quells new rumors. It only reflects atmosphere and climate. Its message is intangible. You can't touch it, you can only sense it. You can't write it, you can only feel it. But it's here, just as spring is here. It holds promise of freeing us from cold, negative confinement, and of leading us to fresh, creative thinking.

Springtime is more than a season. It is recreation. It is freshness. It is a time for cleansing.

J. Francis Brown Wins National Award

J. Francis Brown, D.O. (left), of Amarillo, Texas was presented the National Osteopathic Foundation Philanthropic Award at the TAOP&S annual Convention in Houston. The award, presented by Dr. Loren R. Rohr, attests to the NOF's pride in Dr. Brown's record of financial support to osteopathic education.

Texas Academy Elects Officers

At a breakfast meeting, May 2 at the annual state convention, the Texas Academy of Applied Osteopathy elected new officers for the 1963-64 fiscal year. They are—

John B. Donovan, D.O., President
Mabel F. Martin, D.O., Vice
President
Catherine K. Carlton, D.O.,
Secretary-Treasurer

Texas Chapter KOAA Holds Meeting

The Texas Chapter of the Kirksville Osteopathic Alumni Association, at its annual meeting during the state convention in Houston, May 2-4, elected the following officers for the coming year:

Donald E. Hackley, D.O., President
T. M. Bailey, D.O., Vice President
Catherine K. Carlton, D.O.,
Secretary-Treasurer

AMARILLO STUDENT AWARDED TAOP&S FRESHMAN SCHOLARSHIP

Mr. Bobby Ray Haley, 3302 Patterson, Amarillo, Texas was awarded a \$750 Freshman Scholarship by the Texas Association of Osteopathic Physicians and Surgeons, at its annual meeting,

May 2-4, in Houston, Texas. Upon completion of his studies at West Texas State College, Canyon, Texas, Mr. Haley will enter the Kirksville College of Osteopathy and Surgery, this Fall.

Mr. Haley is married, father of one child, and has served five years in the U.S. Navy, being discharged with the rank of Lieutenant. The scholarship was awarded to him for high scholastic achievement and characteristics conducive to success in the osteopathic profession.

In the near future, the TAOP&S will announce the recipient of a second \$750 Freshman Scholarship.

Fort Worth Aviation Medical Examiners To Attend Seminars

Dr. Phillip P. Saperstein of Ft. Worth was recently appointed Aviation Medical Examiner for the year 1963, by Dr. John D. Dougherty, Regional Flight Surgeon for the Federal Aviation Agency. Dr. Saperstein will attend a Seminar on Aviation Medicine to be conducted at Southwestern Medical School, Dallas, Texas, in December.

Dr. Tom W. Whittle was re-appointed Aviation Medical Examiner for another year. Dr. Whittle attended a Seminar in Aviation Medicine last October, at the University of Texas Post-Graduate School.

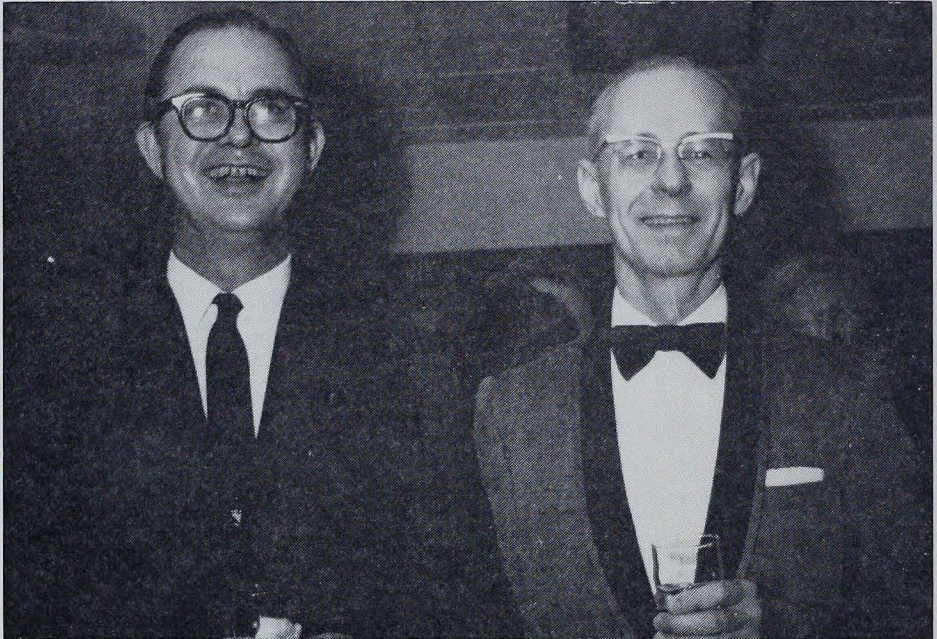

Both Drs. Saperstein and Whittle will attend a one-day Seminar in Aviation Medicine at Laredo Air Force Base, May 27, 1963.

Members of the Association interested in aviation medicine should apply for

designation as Aviation Medical Examiners by writing Dr. John Dougherty, Regional Flight Surgeon, Federal Aviation Agency, P.O. Box 1689, Fort Worth, Texas.

HEALTH INSURANCE INSTITUTE (NYC) reports (March, 1963) that four out of five employees insured under group plans issued last year can continue their coverage *after retirement* by either continuing under the group plan or by converting to a personal policy. Over 210,000 persons are so covered by 44 insurance companies alone. This affects our D.O.'s two ways: (1) by coverage of the aged patients through insurance plans; and (2) by increasing their need for both A.O.A. and divisional society membership (to guarantee continued representation with third party agencies in their behalf.)

Old Schoolmates Meet at Convention

Dr. Grover Stukey, left, and Dr. Charles Rahm renew their friendship of 25 years amidst the social atmosphere of the President's Reception during the recent convention of the T A O P & S. Close companions during their school days, they attended the Kirksville College, Dr. Stukey graduating in 1940 and Dr. Rahm in 1941. For several years they played in the same dance orchestra, and here you see their faces light up as some of the "good old times" at Tip-

ton's Corner and other famous night spots in the Kirksville area are remembered. Dr. Stukey has since been certified in surgery and is practicing general and thoracic surgery in Houston. Dr. Rahm, from Lubbock, is a general practitioner, and has been active in organizational affairs. He has served in all offices of his district society, and was recently elected to his 8th term as Speaker of the House of Delegates of the T A O P & S.

May 16, 1963

Washington News Letter

To: State Officers and Federal-State Coordinators

Deductibility of Hospital Contributions. Of interest to you and your Federal income tax consultant is the enclosed Tax Court Decision (39 T.C. No. 86) that—EXPENDITURES MADE BY AN OSTEOPATH AS A CONDITION PRECEDENT TO OBTAIN THE PRIVILEGES OF PRACTICING AS A STAFF MEMBER IN A HOSPITAL TO BE CONSTRUCTED WITH THESE AND OTHER SIMILAR EXPENDITURES WERE NOT CHARITABLE CONTRIBUTIONS, WERE NOT ORDINARY AND NECESSARY EXPENSE DEDUCTIONS BUT WERE CAPITAL OUTLAYS MADE TO SECURE LONG-TERM ADVANTAGES FOR THE PAYORS . . . *Mental Health Manpower.* According to PHS Publication No. 1027 (March, 1963) there are an estimated 15,000 psychiatrists employed in the United States in 1963. 3,000 work some portion of their time in general hospitals. 79 percent spend the majority of their time in clinical practice. 60 percent reported themselves self-employed some part of their time. 10 percent are female. About 50 percent are below age 45. The publication is entitled, A Mental Health Manpower Studies Program, Training Branch, National Institute of Mental Health. . . . *Health Expenditures.* On Tuesday of this week HEW Special Assistant (Health and Medical Affairs) Boisfeuillet A. Jones, during hearings on PHS reorganization bill H.R. 2410, told the House Commerce Subcommittee on Health and Safety that about \$31 billion

was spent for health purposes in 1962, 25 percent by Government at all levels and 75 percent by private individuals and organizations. The following day, Elmer B. Staats, Deputy Director of the Bureau of the Budget, told the Subcommittee that estimated Federal obligations for medical and health related activities for fiscal year 1964 will amount to \$6.4 billion, of which funds for medical care of patients, direct or indirect, amount to \$3.3 billion. HEW will obligate \$3.1 billion. VA will obligate \$1.2 billion for health, 88 percent of which will be for care of veterans and disabled ex-servicemen, mainly for hospital care, and to a lesser extent for outpatient services. More than 22 million veterans are presently or potentially eligible for care in VA facilities. Defense will obligate about \$1 billion for health, about $\frac{3}{4}$ of which will be for hospital and medical care of its 2.7 million military personnel and their 3.9 million dependents. The Civil Service Commission will disburse about \$422 million for medical care benefits for active and retired Federal civil employees. State will obligate \$186 million for international health activities; Housing and Home Finance Agency \$136 million for public facility loans, mortgage insurance on nursing home loans, and college housing loans for infirmaries and intern and resident housing; Atomic Energy Commission \$88 million for research in radiation; NASA \$76 million for aerospace medical projects; Agriculture \$105 million for research and preventive community services; National Science Foundation \$36 million for basic research in

June, 1963

Page 27

live sciences; Justice \$17 million for hospital facilities and health services for Federal prisoners; Small Business Administration \$16 million for hospitals, nursing homes and laboratories; Labor \$11 million for hospital and medical care of Federal workers injured in line of duty. . . . *Handicapped*. Dr. C. D. Swope attended Annual Meeting of the President's Committee on Employment of the Handicapped in Washington, May 9-10, as AOA delegate.

BY THE WAY—

STUDENT RECRUITING for Osteopathy is well organized, but still neglected by many D.O.'s. Divisional Secretaries will agree that "a recruiting state" is a growing state. MD colleges today have only 50% as many applicants for 87 schools as they had in 1952 for 78 schools! They accepted 3 out of 5 applicants last year; our DO colleges accepted only 3 out of 9. Mr. Mills reports today on his return from a recruiting tour that "Never was the osteopathic profession held in such *high esteem* at the pre-medical college level." Apparently the "story" of osteopathic contribution to healing skills rings loudly in academic halls these days. Why not?

* * *

HOSPITAL COSTS IN THE U.S.A. in 1961 (latest complete figures released 2-19-63) averaged \$34.98 per day. In territorial U.S.A., California led with \$44.81, and South Carolina was lowest at \$22.82. (This includes maternity patients.) Average cost per patient stay: from \$354.06 to \$161.31. The Health Insurance Institute said that the variability means that family health insurance coverage in different areas should be tailored to meet local costs and conditions. (*Your hospitals* may be interested in comparing their average costs with these figures.)

* * *

FEDERAL GOVERNMENT OPPORTUNITIES FOR INTERN-TRAINED D.O.'s are listed by AOA

Washington counsel, Mr. Gourley, as follows:

1. Public Health Service Commissioned Reserve (Med. Officer). Apply to: Surgeon General, PHS, U.S. Department of HEW, Washington 25.

2. Non-teaching Veterans Hospitals: Staff appointments (30 such hospitals in U.S.). Apply to hospital direct.

*3. Civil Service Medical Officer. Apply direct where a vacancy occurs.

4. Military Medical Commissions: Authorized for D.O.'s by Congress in 1946 but no service has accepted D.O. applications (as of May). Prospects improving for eventual inclusion.

* * *

QUOTABLE QUOTES FROM VIPs: (worthy of repetition) *I. S. RAV-DIN, M.D.*, President, American Cancer Society (Ike's Surgeon): ". . . like a string, we can see the center but not the ends . . ." referring to current Medicare issue. "Last year Americans spent \$60,000,000 for advertising aspirin alone . . . this is more than was spent on medical research." ". . . public will eventually decide the proper source of its health care." (Heard at National Health Forum) *BOISEFEUILLET JONES* of HEW: ". . . Federal role in Health is the history of response to specific stimuli" . . . "Government and private agencies do not merely coexist, they interact" . . . this results in "mutual reinforcement in meeting the needs of the public." *JOHN S. MILLS, M.D.*, President, Western Reserve University . . . "too little effort is being expended toward patient care" (in the training of medical students) . . . "Federal intervention should not limit the 'what and how' of University research programs."

* * *

Patients with classic Parkinsonism find it easier to ride a bicycle than to walk, and prefer to take their meals at night when the rigidity is less severe.

* * *

Epileptic seizures occur in one-third of patients with intracranial tumors.

S.O.P.A. News:

(JEFFERSON COUNTY)

The Jefferson County Osteopathic Physicians Assistants, District 12, Port Arthur, met on May 27, 1963, at the home of Mrs. Leslie Woodall.

Business for this meeting was to make plans for a coffee to be held next month to encourage new members for the District and State Assn. Plans were also made to start raising money for the scholarship fund.

We are ending our first aid courses within the next week. This has been very interesting. The courses were held under the direction of Mr. William Young, Red Cross volunteer instructor.

Welcome to our Society, Lou Hayes.

We would like to extend an invitation to all Osteopathic Assistants of Jefferson County to come to our meetings. We would like to have you as a member.

(TARRANT COUNTY)

The Tarrant County Physicians Assistants will hold its future meetings in the various doctors' offices for the purpose of acquainting assistants with new techniques, thereby improving their knowledge and ability. This study program will include proper procedures in the handling of insurance claims, mounting EKG's, all types of laboratory work, bookkeeping, and the art of being a good receptionist.

The first of these meetings was held June 4, 1963 in the offices of Drs. Melvin E. Johnson and C. Raymond Olson, 1001 Montgomery St. One of our members, Mrs. Mary Ann Wahoff, gave a demonstration on mounting EKG's. Mrs. Wahoff is a very capable

nurse and is President of the Fort Worth Assistants Local Society.

We feel much can be learned from this series of meetings and we urge all assistants and the doctors for whom they work to join with us in this program.

Our society has been invited to Mrs. Vyvyan Gallagher's Eagle Mountain Lake home for dinner and an evening of fun. Mrs. Gallagher was our Red Cross instructor for the Standard and Advanced First Aid Courses which we completed May 13, 1963.

Regardless of the advances of medical science, effective treatment will always depend upon knowing the patient and his environment.

NEWS OF THE DISTRICTS

DISTRICT NO. 1

The State Convention in Houston was a real success. The program was excellent and the attendance was good. Fourteen made the six-hundred mile trek to Houston for the Convention and all report a good time.

We of District No. 1 are proud of our fellow member, Dr. Glenn Robinson of Happy, Texas who received the General Practitioner of the Year Award. Dr. Robinson is all that the award represents: a dedicated Doctor, Civil Leader and servant, Church leader and worker for the Community beyond the call of duty. Hats off to this fine Doctor and Man!

Dr. J. Francis Brown was the recipient of an Award for outstanding service to the osteopathic profession through the years. Brownie has given of his time and money and energies to the profession constantly since I have known him. With more real boosters like J. Francis Brown around our profession would move ahead much faster than it has.

The following made the trip to Houston: J. Francis and Dorothy Brown, Glenn and Anna Bea Robinson, E. W. and Helen Cain, Earl and Harriet Mann, John and Helen Witt, Don and Effie Hackley of Spearman, Ben Rodamar, J. Paul Price of Dumas, William Bllard and Glenn Scott. I wonder if the other Districts did as well.

Mrs. Helen Cain's mother passed away this last week and has gone to Kansas for last rites. Helen's mother was 93 and was in the Amarillo Osteopathic Hospital at the time of her death.

Dr. Harrold Gorrie's mother passed away last week at the home of Dr. Gorrie. She had the misfortune of fracturing her leg about four weeks ago. The funeral is to be held in their home State of Minnesota.

Joe Bob Brown, embryo legal beagle in Waco, was mowed down by an acute attack of appendicitis and surgery. Dr. J. Francis and Dorothy, the parents, are in Waco seeing that things are O.K. Joe Bob is a student at Baylor U. Law School.

Dr. Joe Peach, President of the Kansas City College, will be the guest speaker at District No. 1 meeting, Sunday, May 19. Dr. Peach is returning from a Five State Western States Convention in Arizona and is stopping off in Amarillo on his way home, to speak at our meeting. We appreciate his giving his time out of a very busy schedule to meet with us and bring us up to date on affairs of the profession.

—LEWIS N. PITTMAN, D.O.
Reporter

DISTRICT NO. 3

Dr. Loy Sanders, bovine aficionado, reports he has twenty-two head of Black Angus—full blooded ones, that is—with more on the way. Loy feeds them off 80 lush Smith County acres.

Smith County D.O.'s responded exceedingly well to the recent Mental Health Bell Ringer's Drive. Out of a possible 13 D.O.'s, ten came through with fifty hard-earned simoleons for Special Membership in Mental Health.

Dr. Richard Cordes, Tyler, was a speaker on the big ACOS Post-Graduate Course in Surgery, Thursday, May 16, at the Inn of the Six Flags, Arlington, Texas. Dr. Cordes' topic was "Indications, Technic of Insertion and Care of Various Gastrointestinal Tubes".

After resisting for some twenty years, the Graingers, husband and wife have succumbed to the terpsichorian charms of Arthur Murray. Nothing to it. But it sure gets you in the calves. And in the

bursa too, if you don't watch out. (Yes, bursa. Singular. Bursa is Latin for purse. *That's* where it gets you, and it's singular how smoothly they can do it.)

Dr. Robert Slye was elevated from the Board of Directors to Vice President of the Etex Chapter of the Texas Heart Association at their meeting in Tyler, May 15. Through the instrumentality of Dr. Slye, Etex D.O.'s who are Heart Association members will from now on be invited to attend the highly instructive State Heart Seminars. By virtue of his new office, Bob rates a seat on the Executive Board. (By the way, membership is only three dollars and the monthly bulletin to doctors is full of practical stuff. That alone is worth the money).

Dr. L. D. (Long Distance) Lynch, Tyler, is just about the most restless practitioner in the profession. He probably even out-peregrinates AOA Editor George Northup who commutes regularly between his practice in Livingston, N.J. and his editorializing in Chicago. L. D. claims he burns out an average of two cars per year. Latest things "Long Distance" Lynch has been up to were the May 17 District Convention of Optimists at Tulsa, and the Graduation Ceremonies a week later at K.C.C.O.S. Dr. Lynch Emceed at the big Tulsa Optimist Convention Banquet honoring District winners of an oratorical contest. The prime reason for his Kansas City junket was a personal investment in Osteopathy: Jack Dawkins received his D.O. degree and L.D. Lynch is Jack Dawkin's osteopathic godfather.

DISTRICT NO. 3 MEETING

For the size of the Etexas group—some forty scattered practitioners—District III had an uninspiring turnout, about a baker's dozen, Sunday, May 19th, at Tyler's Holiday Inn. So maybe, in a certain fashion, it was a good thing Dallas speaker, William Winslow (KCOS '38) got sick and couldn't

show up. Thirteen persons out of forty-odd!

Dr. Winslow had a swell program lined up too, but according to Program Chairman, Dr. John S. Turner (KCOS '33), surgeon Winslow called him and said to get someone else; that he, his wife, his mother and the two youngsters were all down with the same illness. Chairman Turner then called Dr. Richard E. Cordes (KCOS '36), who gave us the highlights of the paper he presented at the Surgeons meeting in Arlington, Texas.

Dr. Slye, President of District No. 3 spoke on the actions taken by the 1963 House of Delegates at its meeting in Houston last month.

The Ladies, bless them, were in another room, trying to really organize a District III Auxiliary again.

—GEORGE GRAINGER, D.O.
Reporter

DISTRICT NO. 11

It has been several months since this district has submitted a newsletter and it would seem that because of such a long dry spell much news would be forthcoming. Unfortunately this is not so. During the interim, we have lost a very good member in Max Weaver who decided to move to the Dallas area. Incidentally, Mrs. Weaver (Charlotte) had to stop in Comanche on their way to have her baby.

Also we deeply regret the loss of John E. Holcomb, business manager and brother of Dr. M. G. Holcomb. Big John, as he was known among the hospital staff, had been ill for the past year or so, and quietly passed away in his sleep on the 1st of May, 1963. His stable hand and sound judgment will be sorely missed by the personnel of Tigua General Hospital.

Dr. Delgado (Roger) has taken to the sea, so to speak. He owns a 32 ft. launch which he keeps docked in San Diego and periodically (about every 4-

6 weeks) drives to the coast and spends a week on his craft cruising up and down the California coast. We have baptised him the "Admiral".

In accordance with the recommendations of the House of Delegates, the first meeting of this district, in this fiscal year, will be devoted to the actions and recommendations of the House of Delegates. The meeting will be held on the 22nd of May in the home of Dr. and Mrs. M. A. Calabrese.

—M. A. CALABRESE, D.O.
Reporter

GROUND BROKEN IN TYLER, TEXAS

Official construction of the new Doctors Hospital, (Osteopathic), of Tyler, Texas, began when Dr. William Clark of Whitehouse, Texas, turned the first spadeful of earth at the new location. The hospital, located on six acres of ground, is being built with future expansion in mind. East Texas abounds in practice opportunities for osteopathic physicians and the staff hopes to increase its numbers in the near future. The present construction is scheduled for completion in June 1963.

Complete hospital facilities for the

care of bed patients will be available, including an osteopathic treatment room, delivery room, labor room, nursery with six bassinets, a pediatric division and isolation, piped-in oxygen and an inter-com system throughout. There will be private and semi-private accommodations for thirty patients. The new hospital will be constructed of Arkansas stone. Acoustical tile ceiling and terrazzo tile flooring will be used throughout.

In addition to association with the Texas Osteopathic Hospital Association, the American Osteopathic Bureau of Hospitals and the American Osteopathic Hospital Association, the hospital will be licensed by the Texas State Board of Health.

Physicians active in making this new hospital possible are Drs. John Turner, of Canton, B. K. Fleming, of Tyler, William Clark, of Whitehouse, and R. Anton Lester, of Frankston. Dr. Lester, president pro tem of the newly formed staff, announced the following department heads: Dr. B. K. Fleming, surgery; Dr. William Clark, anesthesiology; Dr. John Turner, chief of staff; Dr. R. A. Lester, obstetrics and gynecology. Staff membership is open to general practitioners and specialists.
